**THE VERTEX**

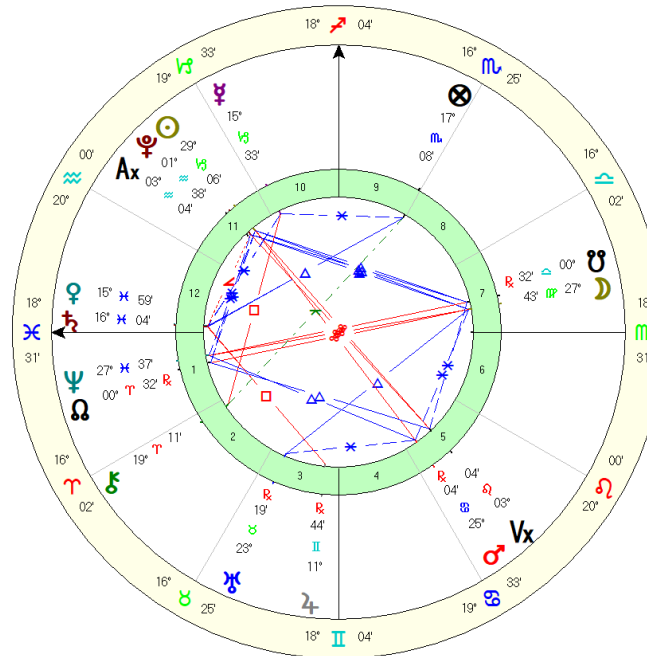

# What is the Vertex?

- The Vertex /Anti Vertex axis is a theoretical point in the heavens where the ecliptic, the apparent orbit of the Sun around the earth, crosses the prime vertical, the plane that runs at right angles to the meridian and divides the celestial sphere from front to back.

The Vertex is always located on the western side of the horoscope and the Anti Vertex on the eastern side.

MODERN DAY MYTH

# The Vertex points to remember

- Since the *Vertex is an angle*, it is very important that the correct time of birth is used. Like the Ascendant and Midheaven, the Vertex will change degrees as you change the time of birth.
- Donna Henson sees it as a role played not by personal choice, *but fated or destined* by part we play in life.
- Robert Hand views the Vertex as appearing in *dramatic situations* not characteristic of normal life over which that a person seems to have little conscious control.

# The Vertex

The vertex that it is very personal and private point in the natal chart. People often don't realise what happening and don't want to talk about the repeat situations they find themselves in as they out of their comfort zone.

The situations can trigger deep feelings including anger, frustration, hopelessness and inadequacy.

# Vertex – Anti – Vertex House Axis

## Axis across 4th (Vx)/10th (A-Vx)

This represents the dilemma of home versus career

- Needing to achieve and be important in the external world but having to take on the demands of a home life.
- There are often significant parental issues around nurturing, discipline, unconditional love vs conditional love and dependency vs dominance.

# Vertex – Anti – Vertex House Axis

## **Axis across 5th (Vx)/11th (A-Vx)**

Represents the freedom/closeness dilemma.

- The strong need independence, to be unique, and not follow anyone's rules but at the same time the person wants to be special, admired and looked up to in a loving emotional relationship.
- The person may feel torn between the demands of lovers/children and friends and creativity.

# Vertex – Anti – Vertex House Axis

## **Axis across 6th (Vx)/12th (A-Vx)**

Represents the need to truly blend dreams with reality, learning to be both realistic and idealistic.

- Realising that the work arena, or health issues, are often areas where learning needs to happen in small steps to reach visionary goals.
- Alternatively, if that wonderful visionary work that is aspired to is not happening this too may manifest as conflict at work or health issues.

# Vertex – Anti – Vertex House Axis

## **Axis across 7th (Vx)/1st (A-Vx)**

Represents the dilemma of independence versus closeness

- ▶ The person needs to balance the need for self-assertion and doing what they want versus pleasing and accommodating the other.
- ▶ Learning to take responsibility their part in conflict within a relationship

# Vertex – Anti – Vertex House Axis

## Axis across 9th (Vx)/ 3rd (A-Vx)

This represents to develop clear thinking and communication

- ▶ The need to learn to study subjects in depth
- ▶ Avoid the tendency, once they have decided they have found *the truth*, to become aggressively evangelical and deny others their own individual truths.

Astrologer Depline May stated that the Vertex is what is expected of us as result of what we are (the Ascendant) and what we do (Midheaven).

And that the quality of the sign of the Vertex is being pulled out of you for your personality completion.

# The Vertex and Relationship

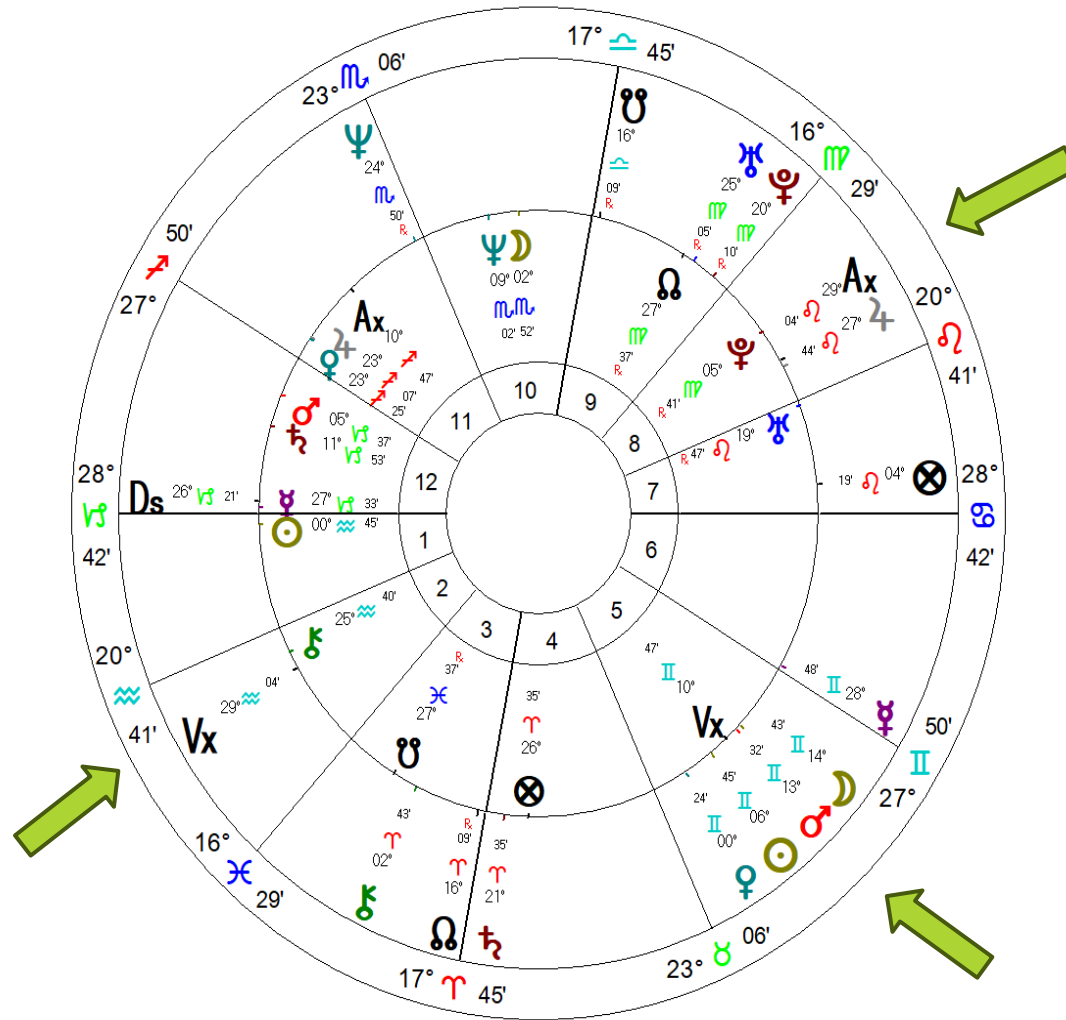

- The Vertex represents where someone comes into our life in some unavoidable and fated way.
- They bring new experiences and events that change your life.
- This is not comfortable, and you may well resist as you are being asked to step into unknown territory
- What can be gained from what are usually difficult interactions is a new personal awareness and social skills
