GOD OF LIGHT & CONSCIOUSNESS

The GREAT AWAKENER

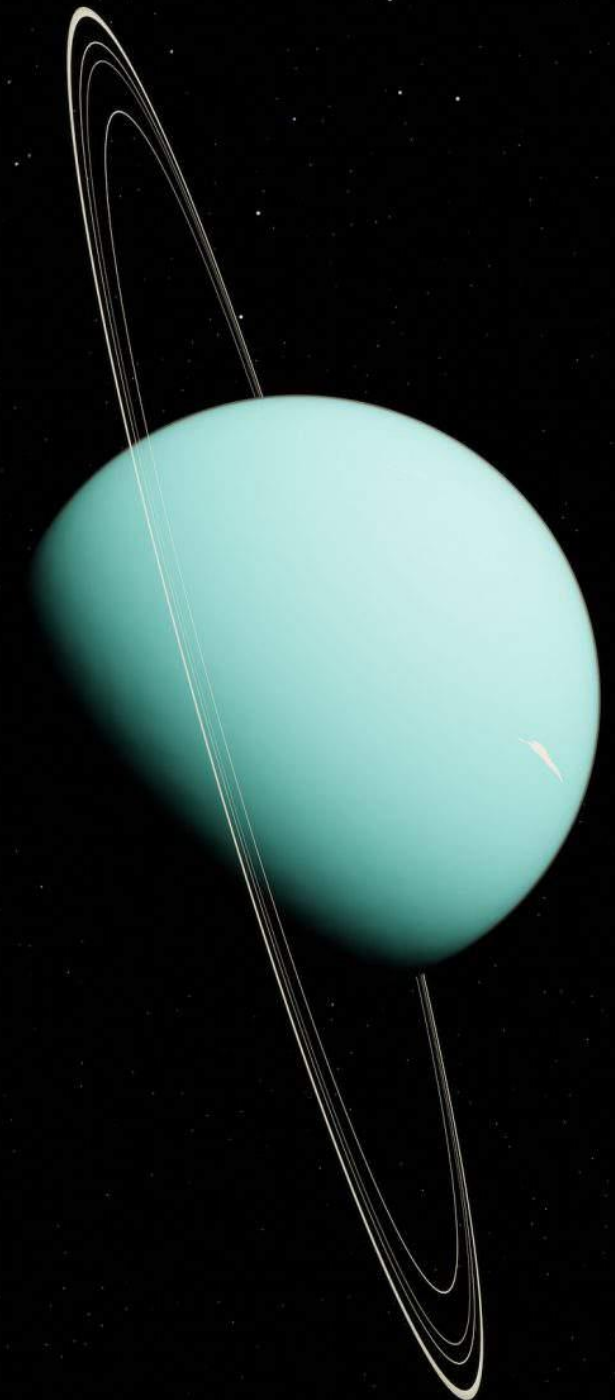

LIBERATOR

URANUS the planet, is ECCENTRIC,
ODD:

It's the only planet that takes its
name from Greek mythology

Uranus orbits the Sun on it's side. It
rotates at a nearly 90-degree angle
from the plane of its orbit. This
unique tilt makes Uranus appear to
spin sideways, orbiting the Sun like
a rolling ball.

Uranus has 13 faint rings and 28
known moons.

Uranus in Mythology

Ouranus: **Sky God**, one of the Greek primordial deities. Also known as Father Sky, he was the son and husband of Gaia, the primordial Earth. However, some say he was ***born directly from Chaos*** – the primal form of the universe.

(Uranus is also associated with the Roman god Caelus; the Egyptian god Anhur the 'sky bearer'; and Jyotisha (one of the names of Brahma - the first teacher of astronomy.)

Uranus is often depicted as the original God of Heaven before there is a manifest Universe; the heavenly will of God. He embodies ***the Idea before the concrete reality.....***

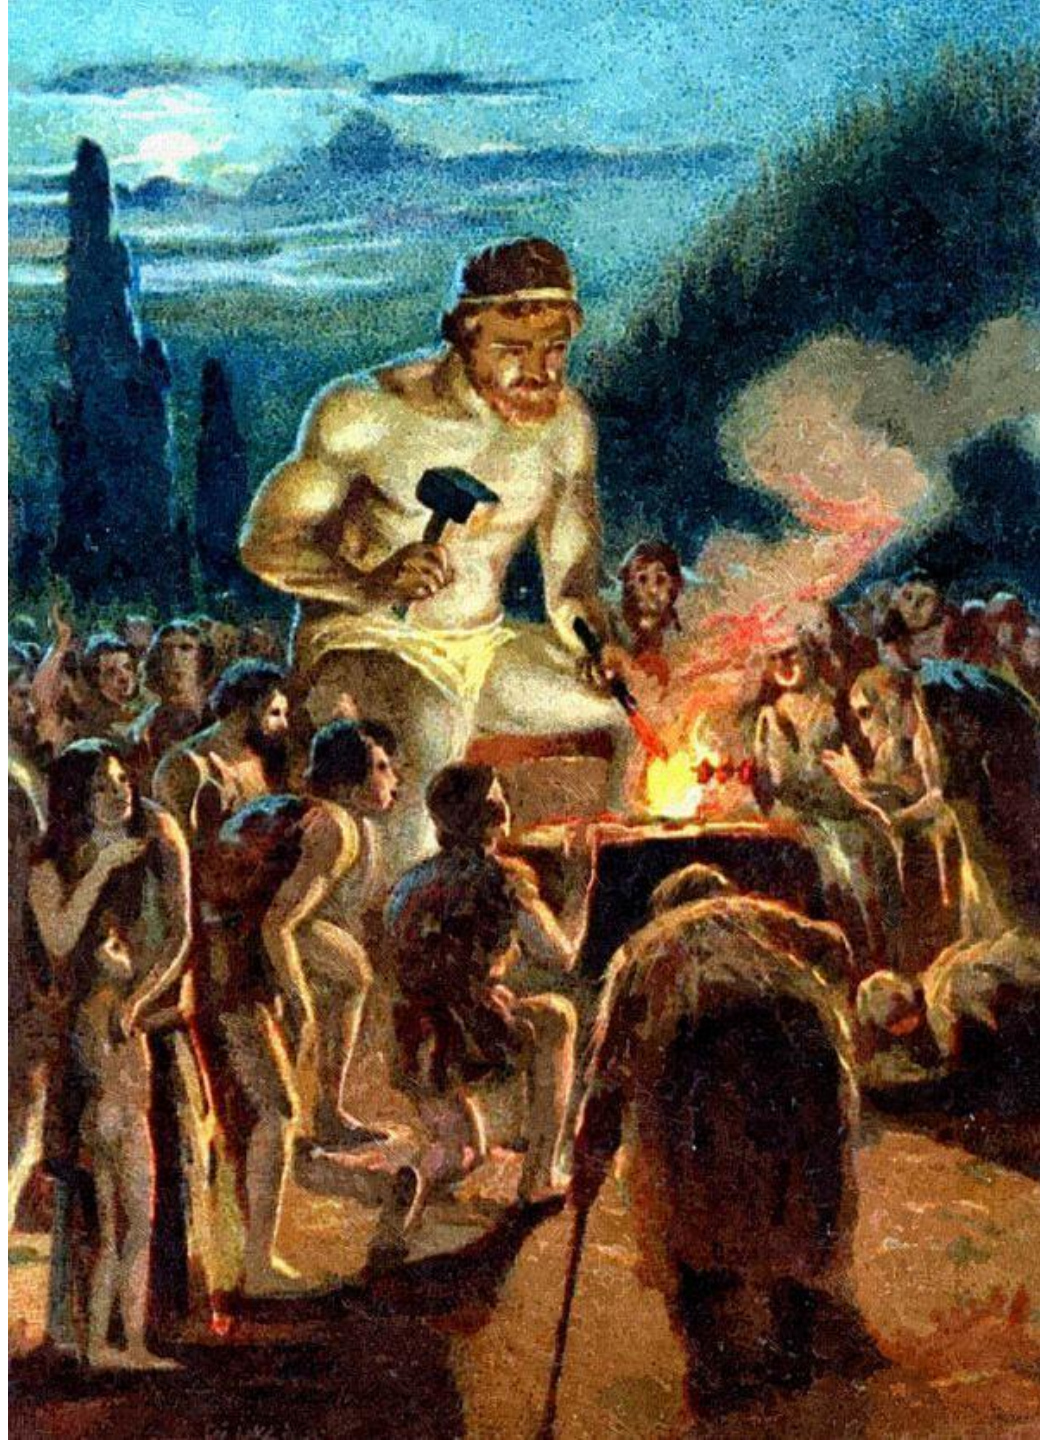

“Ouranus was never worshipped as a god, nor are there any shrines, emblems or evidence of temples and the usual indicators of an individual entity.

That Ouranus was the sky, and not a sky god, gives him a very special place in myth, not as a singular entity, but a realm of experience.”

Discovery of Uranus

Saturn is the traditional ruler of Aquarius.
The discovery of Uranus activated the revolutionary and outrageous ideas of equality and freedom for the people!

Uranus has an 84-year cycle.

♫ The marriage of consciousness with the body/earth.

Chiron rules our struggle over getting into the body, staying in it, and then sucking the higher energetics into this dimension.

In order to grasp the Chirotic cycle, we need to understand that the goal of life is to master fear – to not jump out of the body – and then all the bodies are balanced in the self and we can fulfill our destiny.....

We are meant to finally bring all of ourselves into the body and that is the goal of each incarnation cycle; it is what happens when we become whole.

"the French Revolution, the writings of Marx (born 1818) and of others, and the American Civil War all played their part in forcing the issue of the common man. Men in every country determined to fight for freedom and their proper human rights."

"Future Shock" takes place in a time of immense change and unpredictability. Toffler presents a compelling argument that **the rate of change in society has surpassed the ability of individuals to cope with it**. He introduces the concept of future shock, which refers to the *psychological disorientation experienced when the present changes more rapidly than people can adjust to it*. The book explores various aspects of future shock, including its causes, symptoms, and potential consequences.

Alvin Toffler was an American writer and futurist, known for his works discussing the digital revolution, communications revolution, corporate revolution and technological singularity. A former associate editor of Fortune Magazine, his early work focused on technology and its impact (through effects like information overload). ☿ ♀ ♂ ☉ ♋, ☐ ♂ ☿

Between 1942 and 1977, Sullivan was claimed to have been struck by [lightning](#) on seven occasions, surviving all of them. - Psychotic breakdown

- Over-reliance of the intellect with disconnection from the heart, feelings, the body, the natural world.

What is Transhumanism?

An intellectual and cultural movement that affirms

- the possibility and desirability of transcending the limitations of the human body through applied reason
- especially by using technology to eliminate aging and enhance human intellectual, physical, and psychological capacities.

Trans-humanists are *humanists* who emphasize what we have the potential to become through reason.

‘Transhumanism is a class of philosophies of life that seek the continuation and acceleration of the evolution of intelligent life beyond its currently human form and human limitations by means of science and technology, guided by life-promoting principles and values.’
Max More (1990)

The most important question in 21st-century economics may well be, 'What should we do with all the superfluous people, once we have highly intelligent non-conscious algorithms that can do almost everything better than humans?'

Claims Army Is Stacking Courts Martial Indiana Senator Lays Protest Before Patterson

Washington, July 8 (AP)—Senator Jenner (R-Ind.) contended today that "the high command in the European theatre is stacking courts against defendants in court martial."

In a letter to Secretary of War Patterson demanding a full investigation of army military trial procedure, Jenner offered what he said was documentary proof that:

1. "Prisoners are not being permitted to employ either civilian or military counsel of their own choice in the preparation and presentation of their defense."
2. "Every effort is being made to prevent attorneys who were connected with the infamous Lichfield prison case to practice in courts martial in the European theatre."

The Indiana senator made public a copy of an informal "routing slip" which he said was signed by Brig. Gen. Cornelius E. Ryan, assistant deputy, military government for Germany, and written by Col. Francis H. Venderwerker. Jenner told newsmen that the routing slip substantiated his charges.

The slip, addressed to the chief

Security Council Paves Way to Talks On Arms Reductions

Lake Success, July 8 (AP) — The United Nations security council today approved an American blueprint for the arms reduction discussions despite a Russian warning that the plan would bring about a collapse of arms regulation efforts.

The vote was 9 to 0, with Russian and Poland abstaining.

In view of Russia's firm stand against the U.S. plan it had been believed she might involve the big power veto to block it.

Soviet Deputy Foreign Minister Andrei A. Gromyko gave his warning before the United Nations security council in a new effort to revive the Soviet working plan which already had been rejected by the commission for conventional armaments.

His challenge was taken up promptly by French delegate Alexandre Parodi and U.S. Representative Herschel V. Johnson, who announced their opposition to any

A troubling semi-amnesia led him to seek therapy and hypnosis for the first time on 1 March 1986. He unlocked terrifying memories of being captured, examined and monitored by small bug-eyed aliens, possibly from as early as age two.

In July 1957 he was taken at the age of 12.

Ten years later, in August 1967, he was missing 24 hours of time and in 1968 was missing an entire month.

The memories caused him to run for years, moving erratically and having irrational memories. On 4 October 1985 and on 26 December 1985 along with his family in a secluded cabin in upstate New York, he encountered lights and aliens. His experiences in the cabin and throughout his life were related in the 1987 movie, "Communion." After being examined by a neurologist and a psychiatrist and taking tests, including a lie-detector, it was deemed he had no psychological or physiological disorder.

Travis Walton

On November 5, 1975, a seven-person logging crew drives home after a long workday in the Apache-Sitgreaves National Forest when they suddenly encounter a UFO. One of the men, 22-year-old Travis Walton, got out of the truck to investigate. His crewmates were horrified when they **witnessed a bolt of blue light flash** from the alien ship that knocked Travis to the forest floor.

Fearing Travis dead, the crewmates fled back to town and called the Sheriff. When a search of the area turned up no sign of Travis, puzzling questions arose. Was Travis truly abducted by aliens? Or did his coworkers murder Travis or have something to do with his disappearance and concoct the UFO story to cover their tracks?

“I looked at the vague but reassuring forms of the doctors around me. Abruptly my vision cleared. The sudden horror of what I saw rocked me as I realized I was definitely not in a hospital. I was looking square into the face of a horrible creature . . . with huge, luminous brown eyes the size of quarters! I looked frantically around me. There were three of them! Hysteria overcame me instantly.” — Travis Walton

The US Congressional hearing on UAPs on Wednesday 13th November, 2024 was titled “Unidentified Anomalous Phenomena: Exposing the Truth”, and featured testimony from Dr Tim Gallaudet, a retired Rear Admiral in the US Navy, former Dept. of Defense official Luis Elizondo, former NASA administrator Michael Gold and independent journalist Michael Shellenberger.

"The recent Pentagon document also describes the shape and behaviours of the most common types of UAPs reported by government witnesses, including pilots between 1991 and 2022. Spheres or orbs were the most reported shape, followed by discs or saucers, then oval-shaped craft including 'Tic-Tacs'. "

REVOLUTIONS ARE EVIDENCE OF THE WILL OF GOD

The Master Djwhal Khul said:

"Have you realised that the uprisings of the masses and their determination to overcome handicaps and all hindrances to a better world, are indicative of the will aspect of divinity, beginning to make its presence felt?"

Do you grasp the fact that the revolutions of the past two hundred years are signs of the *striving of the spirit aspect*? That spirit is life and will; the world today is showing signs of new life. DNA2:278
