How to think, not what to think
Emphasizing a relational approach

A person in a white coat stands on a large, glowing, circular pattern that resembles a fingerprint or a complex astrological chart. The pattern is composed of concentric, wavy lines in shades of brown and gold, set against a dark background. The person is positioned on the left side of the pattern, looking towards the center. The overall scene is ethereal and mysterious.

We are in a time in which so many types of astrology are available to us. In this lecture I will discuss some of the ways in which I synthesize evolutionary and traditional Astrology to make for an approach that seeks to understand the concrete while seeing into what the soul desires while moving through experiences.

Being with this moment

- *Be mindful of how your mind works*
- *Do not attempt to blend if both are not understood on a fundamental level*
- *Emphasize presence*
- *Ask questions, add comments*

What's on the menu?

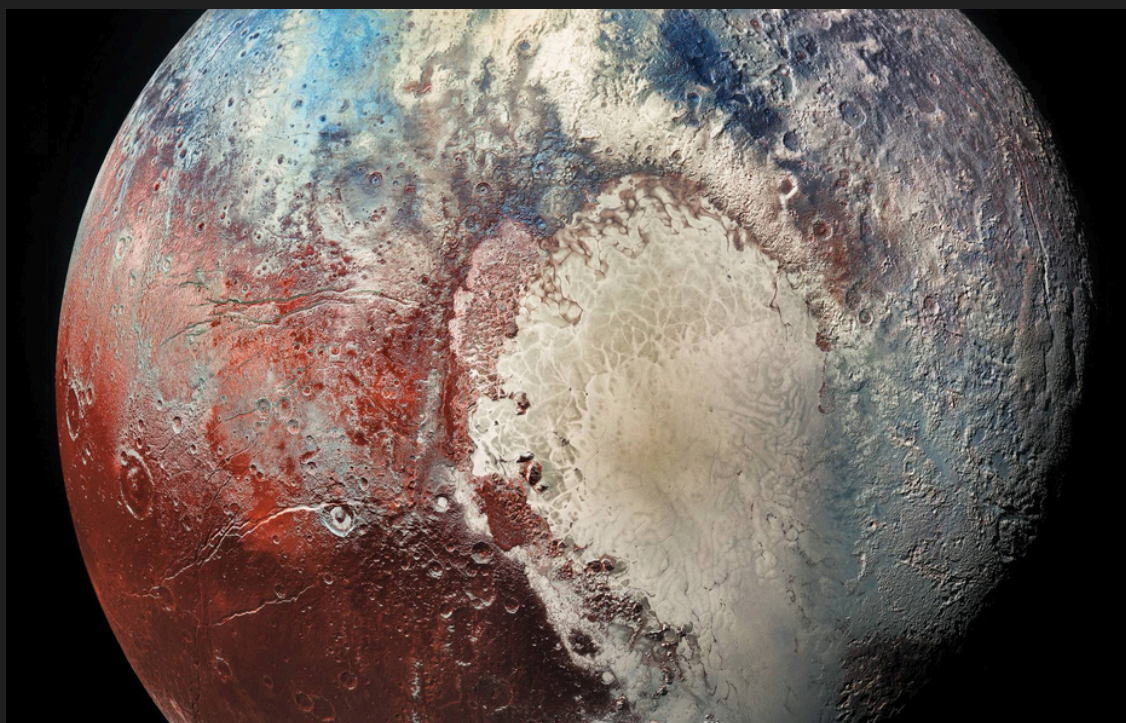

- *Honoring lineage & being autonomous*
- *The intuitive & the technical*
- *Compare, contrast, combine*
- *What are annual profections*

What's the purpose of Astrology?

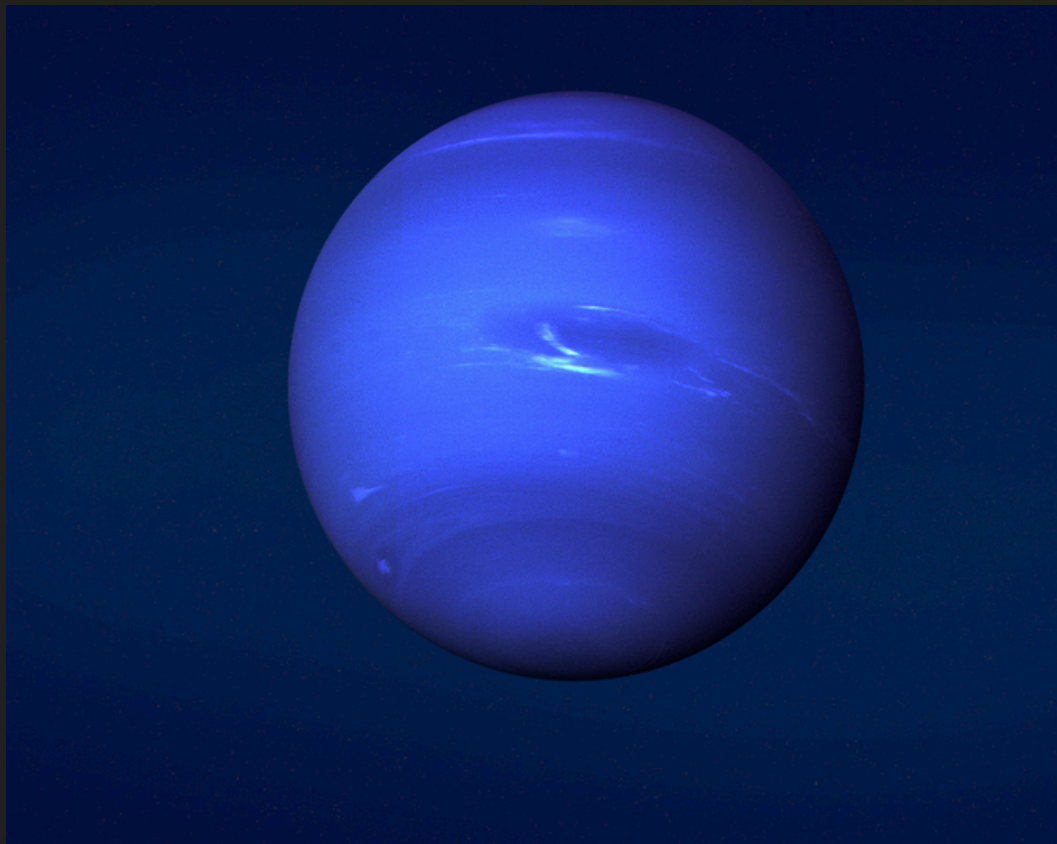

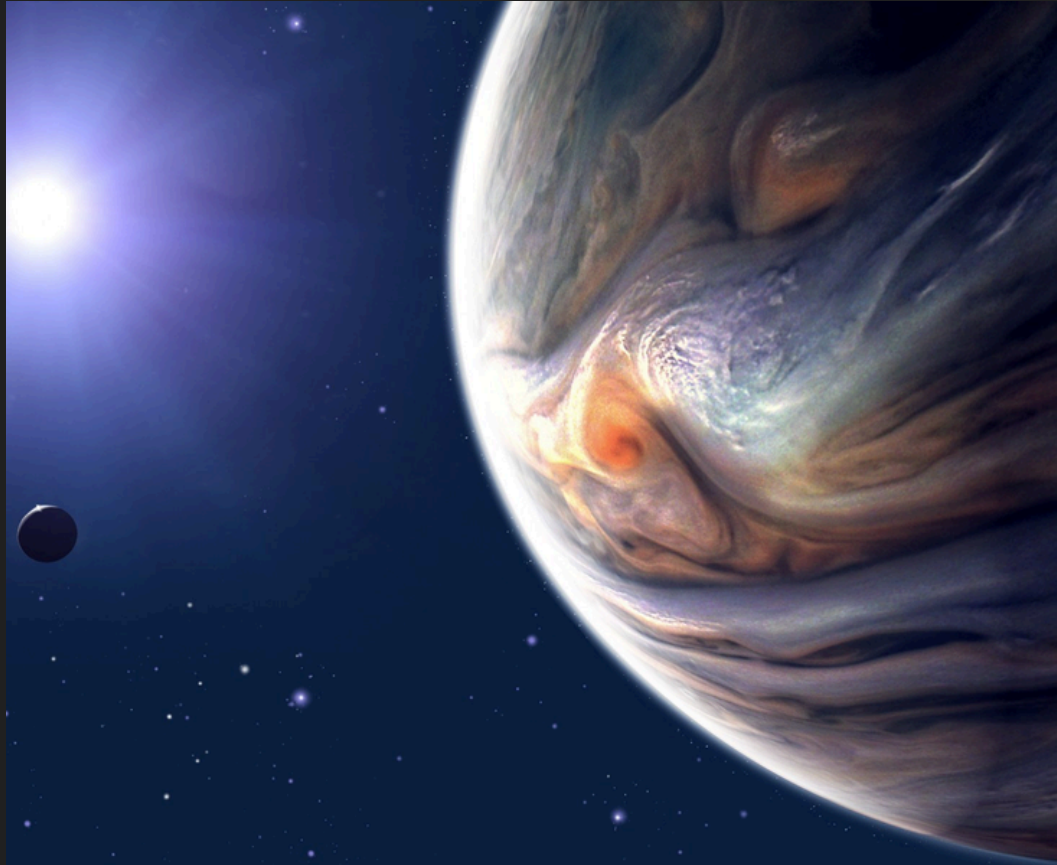

The Intuitive & the Technical

What I've inserted into my EA perspective

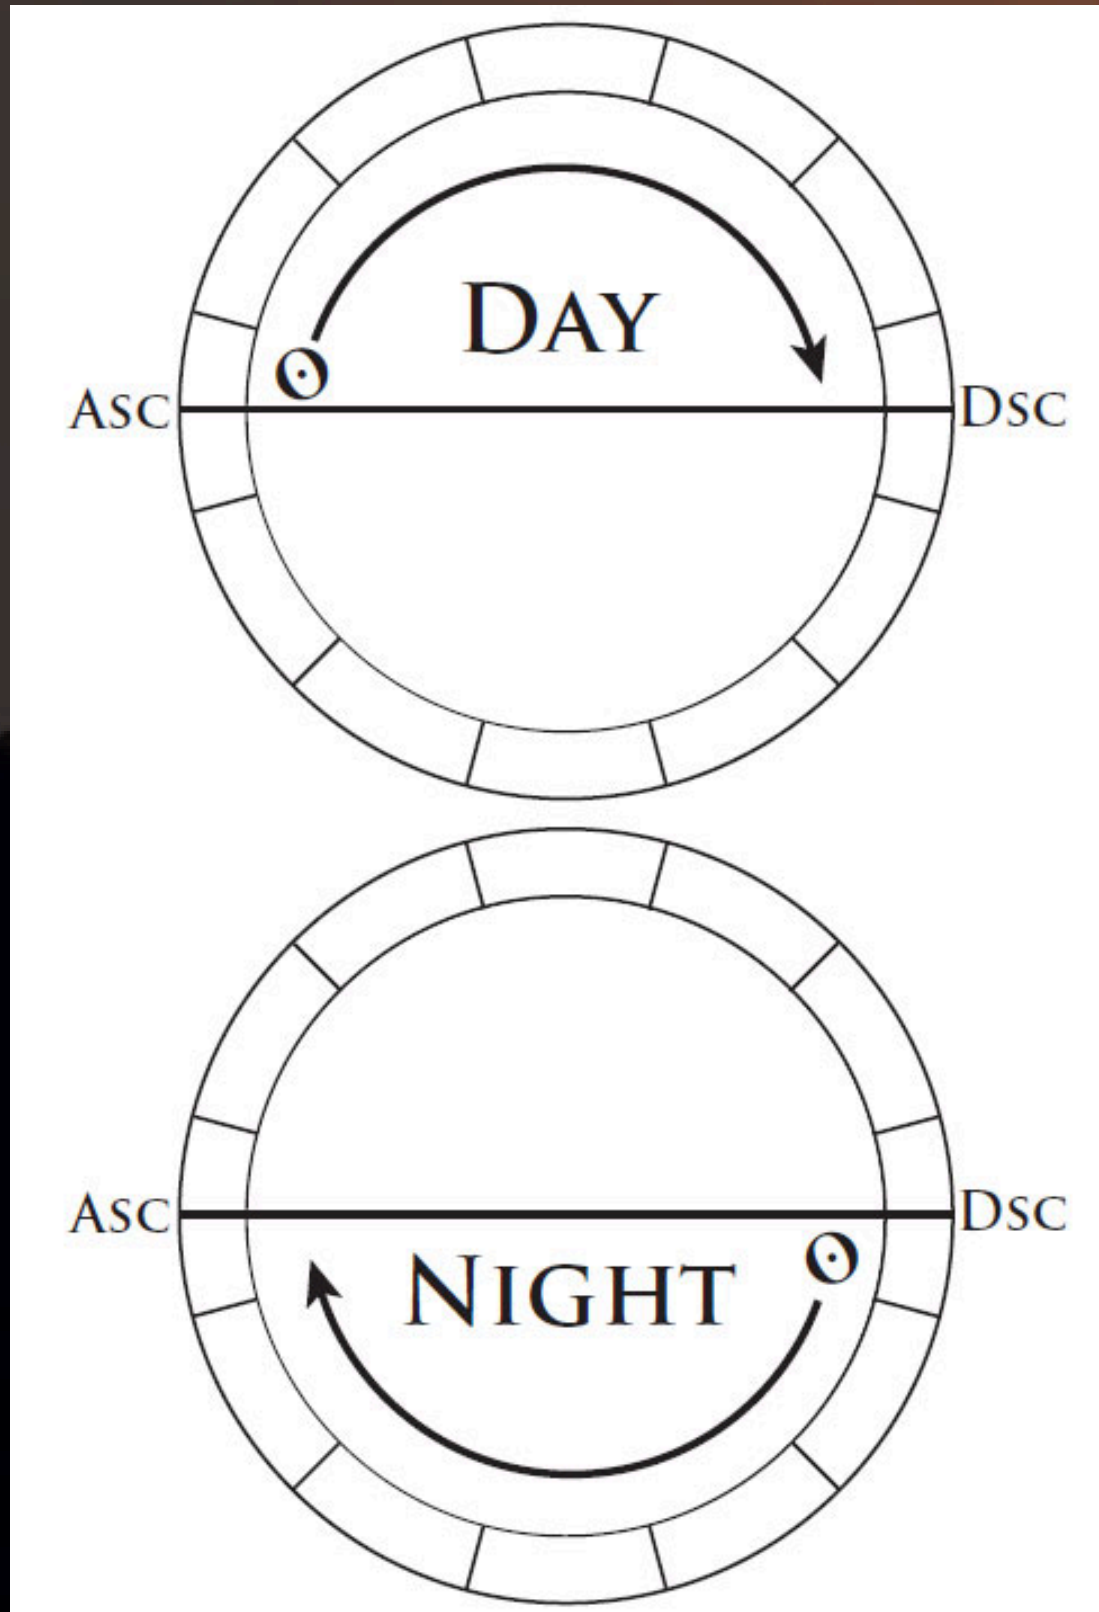

- *Co-rulership of Scorpio, Aquarius, & Pisces*
- *Psychosomatic lens*
- *Zodiacal medicine cabinet*
- *Sect Doctrine*
- *Triplicity lords*
- *Aspect theory additions*
- *Turning of the year*

State of "consciousness" in EA

Station in life in "Traditional"

The whole chart is you in EA

Only the Asc & ruler is you in "Traditional"

In EA we seek to look into the depths of the soul & the psyche

In "Traditional" we seek to root ourselves in the concrete lived experience

*In EA we orient towards presence with the person to see & be with
what arises*

*In "Traditional" we seek guidance & counsel from the chart to give us a
picture of the quality of time that is taking place in the natives life*

"Aspects occur within these phases that correlate with specific stages of development within human consciousness." –Deva Green

"A body that is seen does one of two things: either it sends something from itself to us and thereby gives an indication of its particular character, or if it does not itself send something, it waits for some sensory power to come to it from us." –Galen (From Chirs Brennan)

In "Traditional" we seek guidance & counsel from the chart to give us a picture of the quality of time that is taking place in the natives life

Essential dignity re-imagined

It's about the condition of something based upon resources

Entering a chart with Traditional & Evolutionary intentions

Dream into & assess the chart based on the clients questions

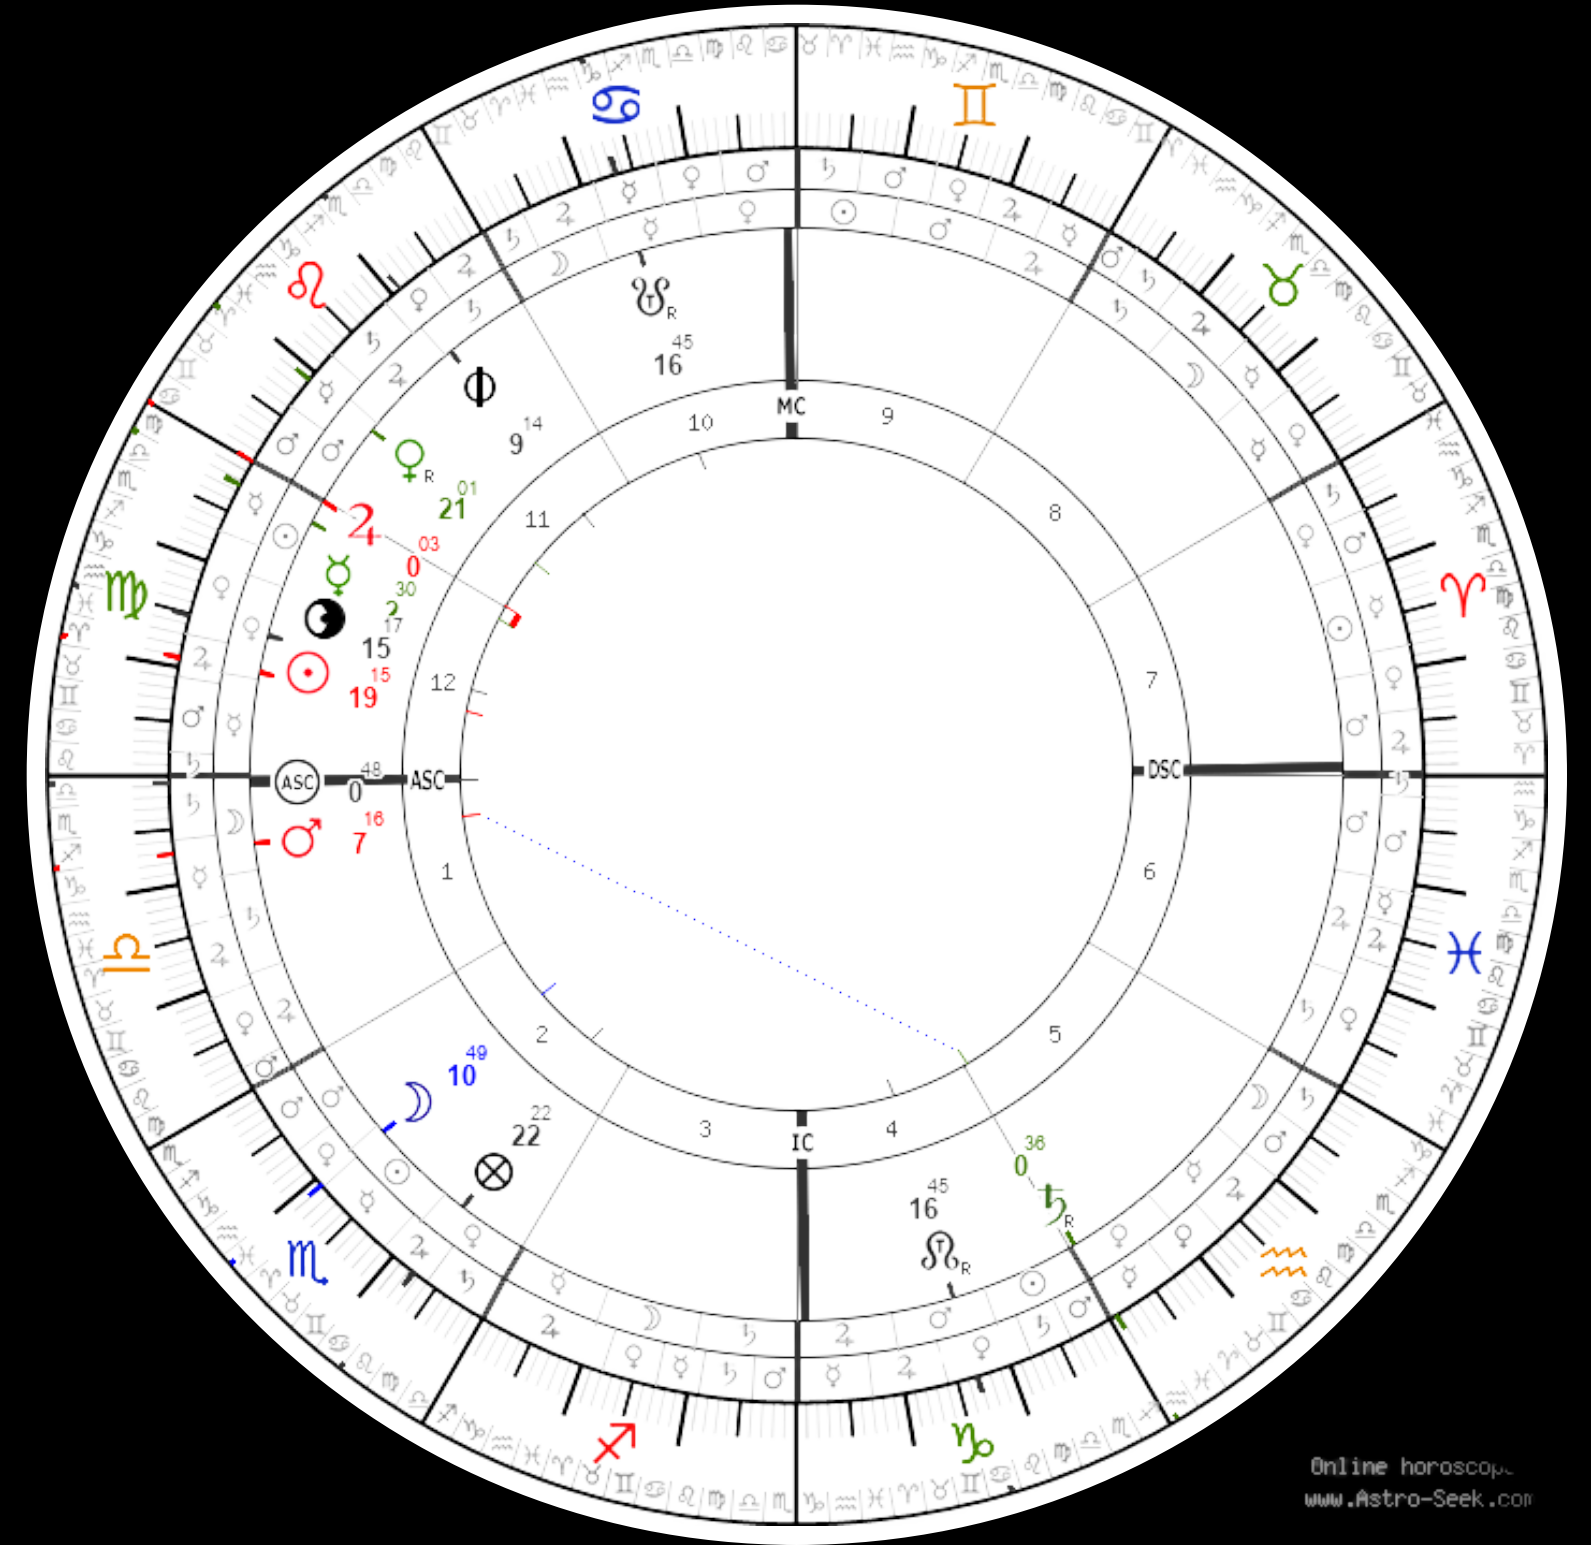

Entering a chart EA style

- Find the house Pluto is in
- Identify the house & sign of the south node (planets with it?)
- Identify the ruler of the south node
- Identify the house & sign of the north node (planets with it?)
- Identify the ruler of the north node
- Note if the rulers of the nodes are in aspect or square the nodes

Entering a chart "Traditional" style

- Note the ascendant sign & planets present
- Note aspects to the Asc
- Identify the planetary ruler of the Asc
- Note aspects to the Planetary ruler

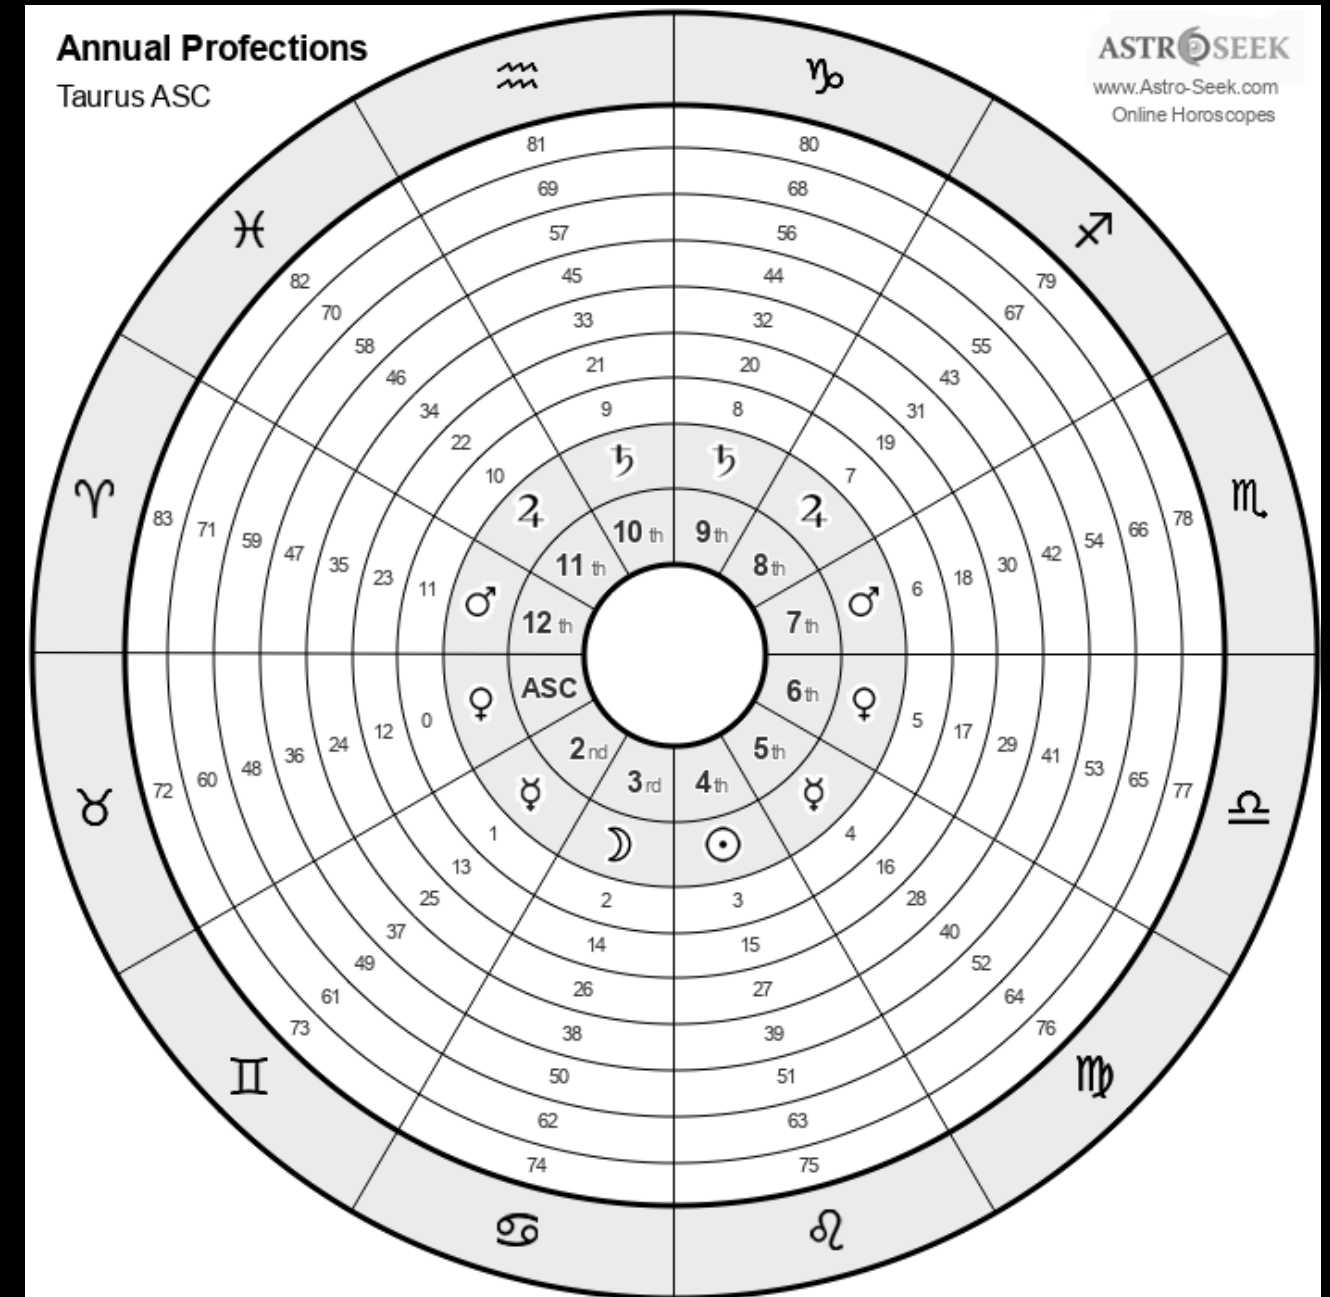

Combining techniques with the “soul desires” in mind

I have found although heretical to many, that evolutionary astrology can benefit greatly from the “Traditional” Astrology techniques. One way I have explored this is in the technique, annual profections, also known as the transfer of years.

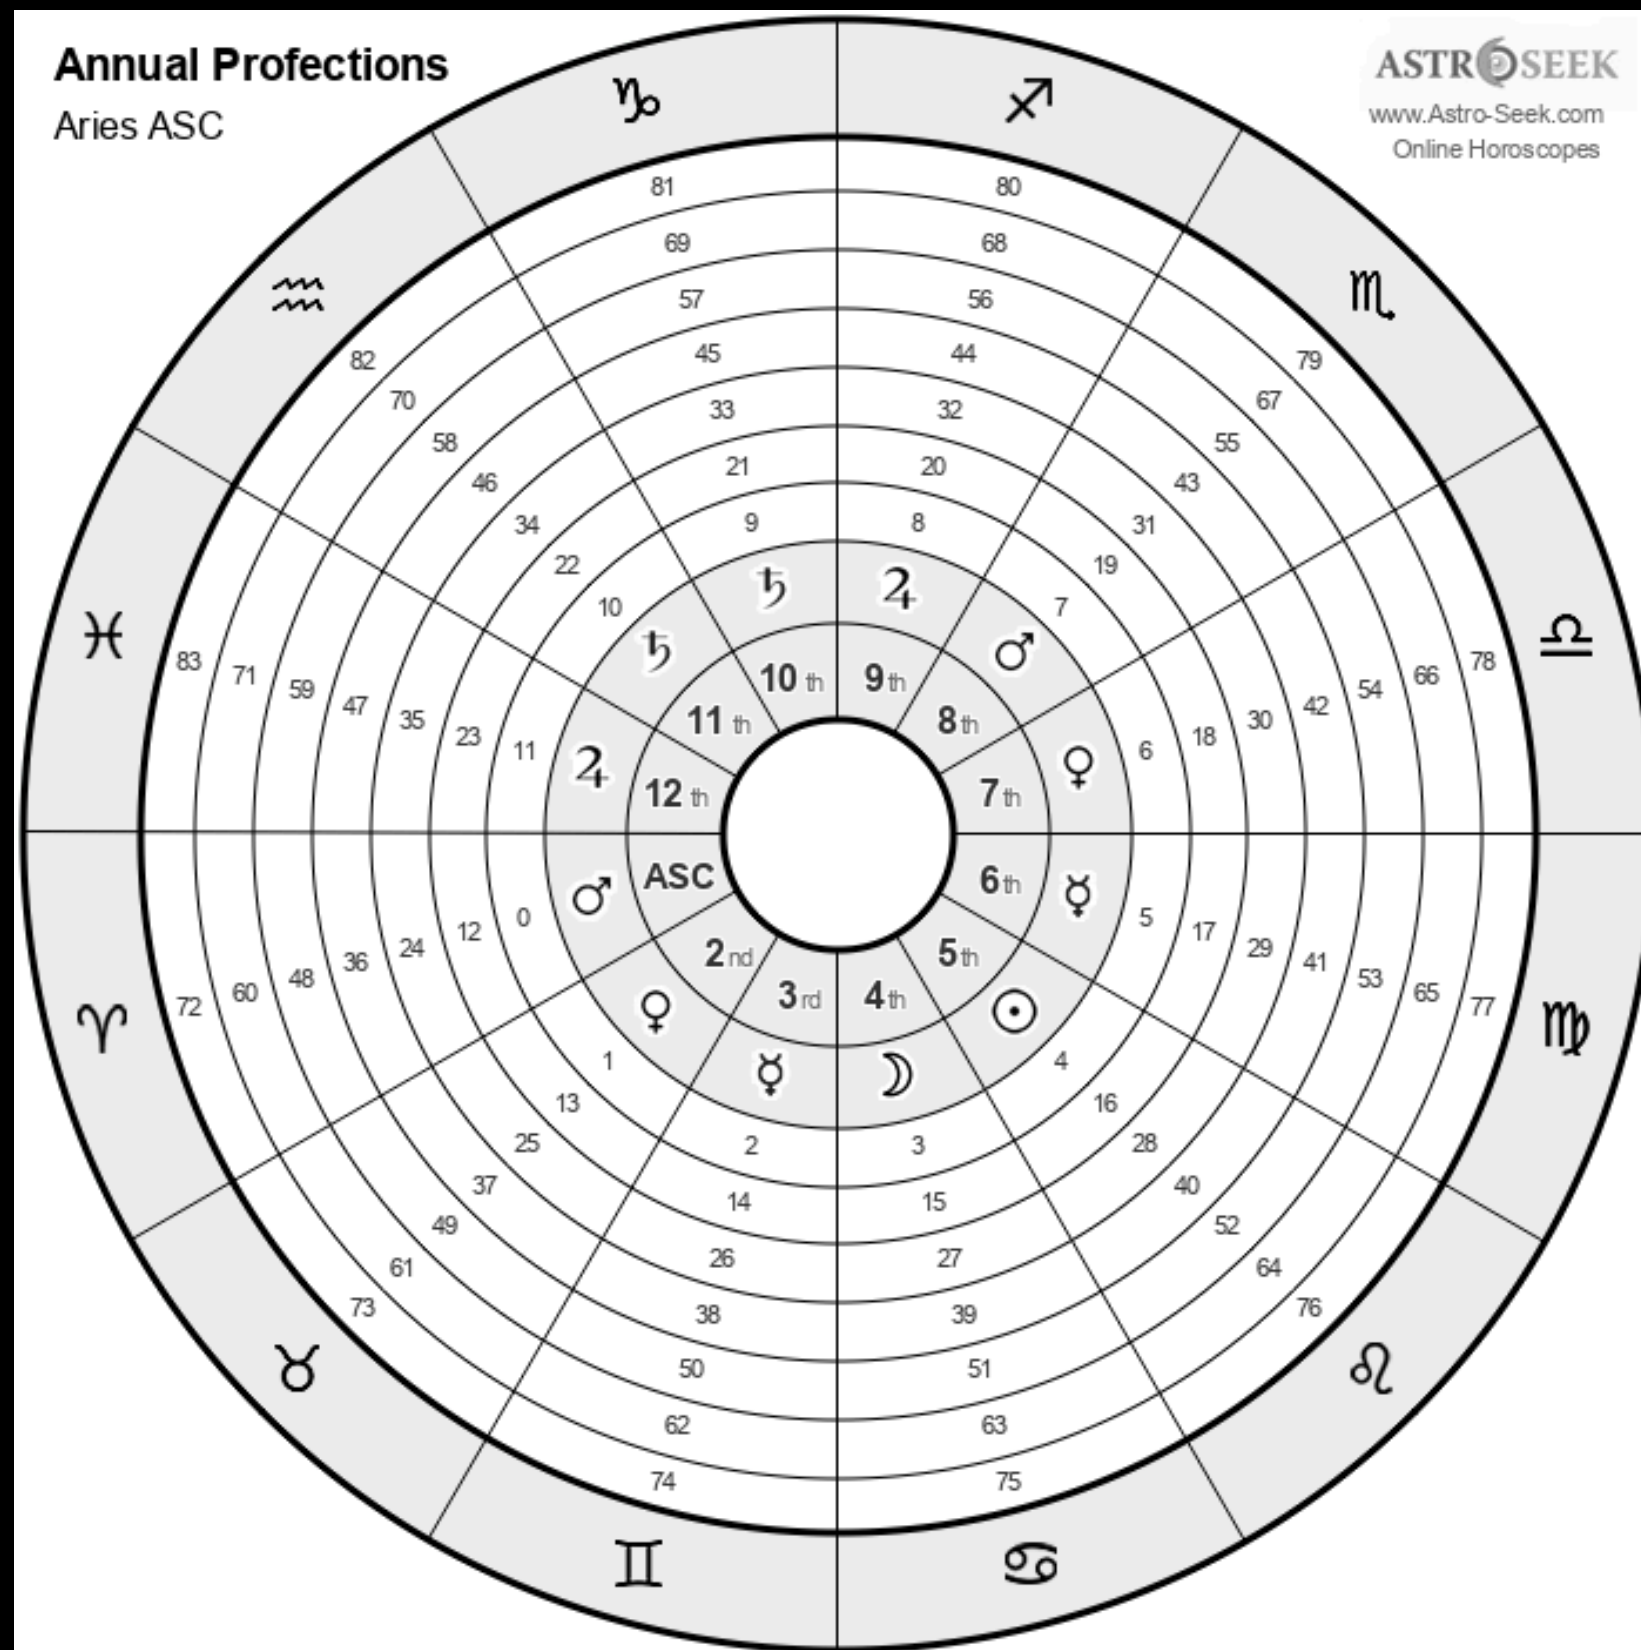

In my exploration, I have noticed that the combination of the 2 allow for me to be able to assess subjective difficulty in combination with an openness to saying yes to life & how it blossoms forth.

Annual Profec'ion (Transfer of years)

- *Most popular timing technique utilized in the "pre-modern" period*
- *Uses Whole sign houses (usually)*
- *Gives an extra point of focus*
- *Focus on a sign per year MORE THAN house per year*

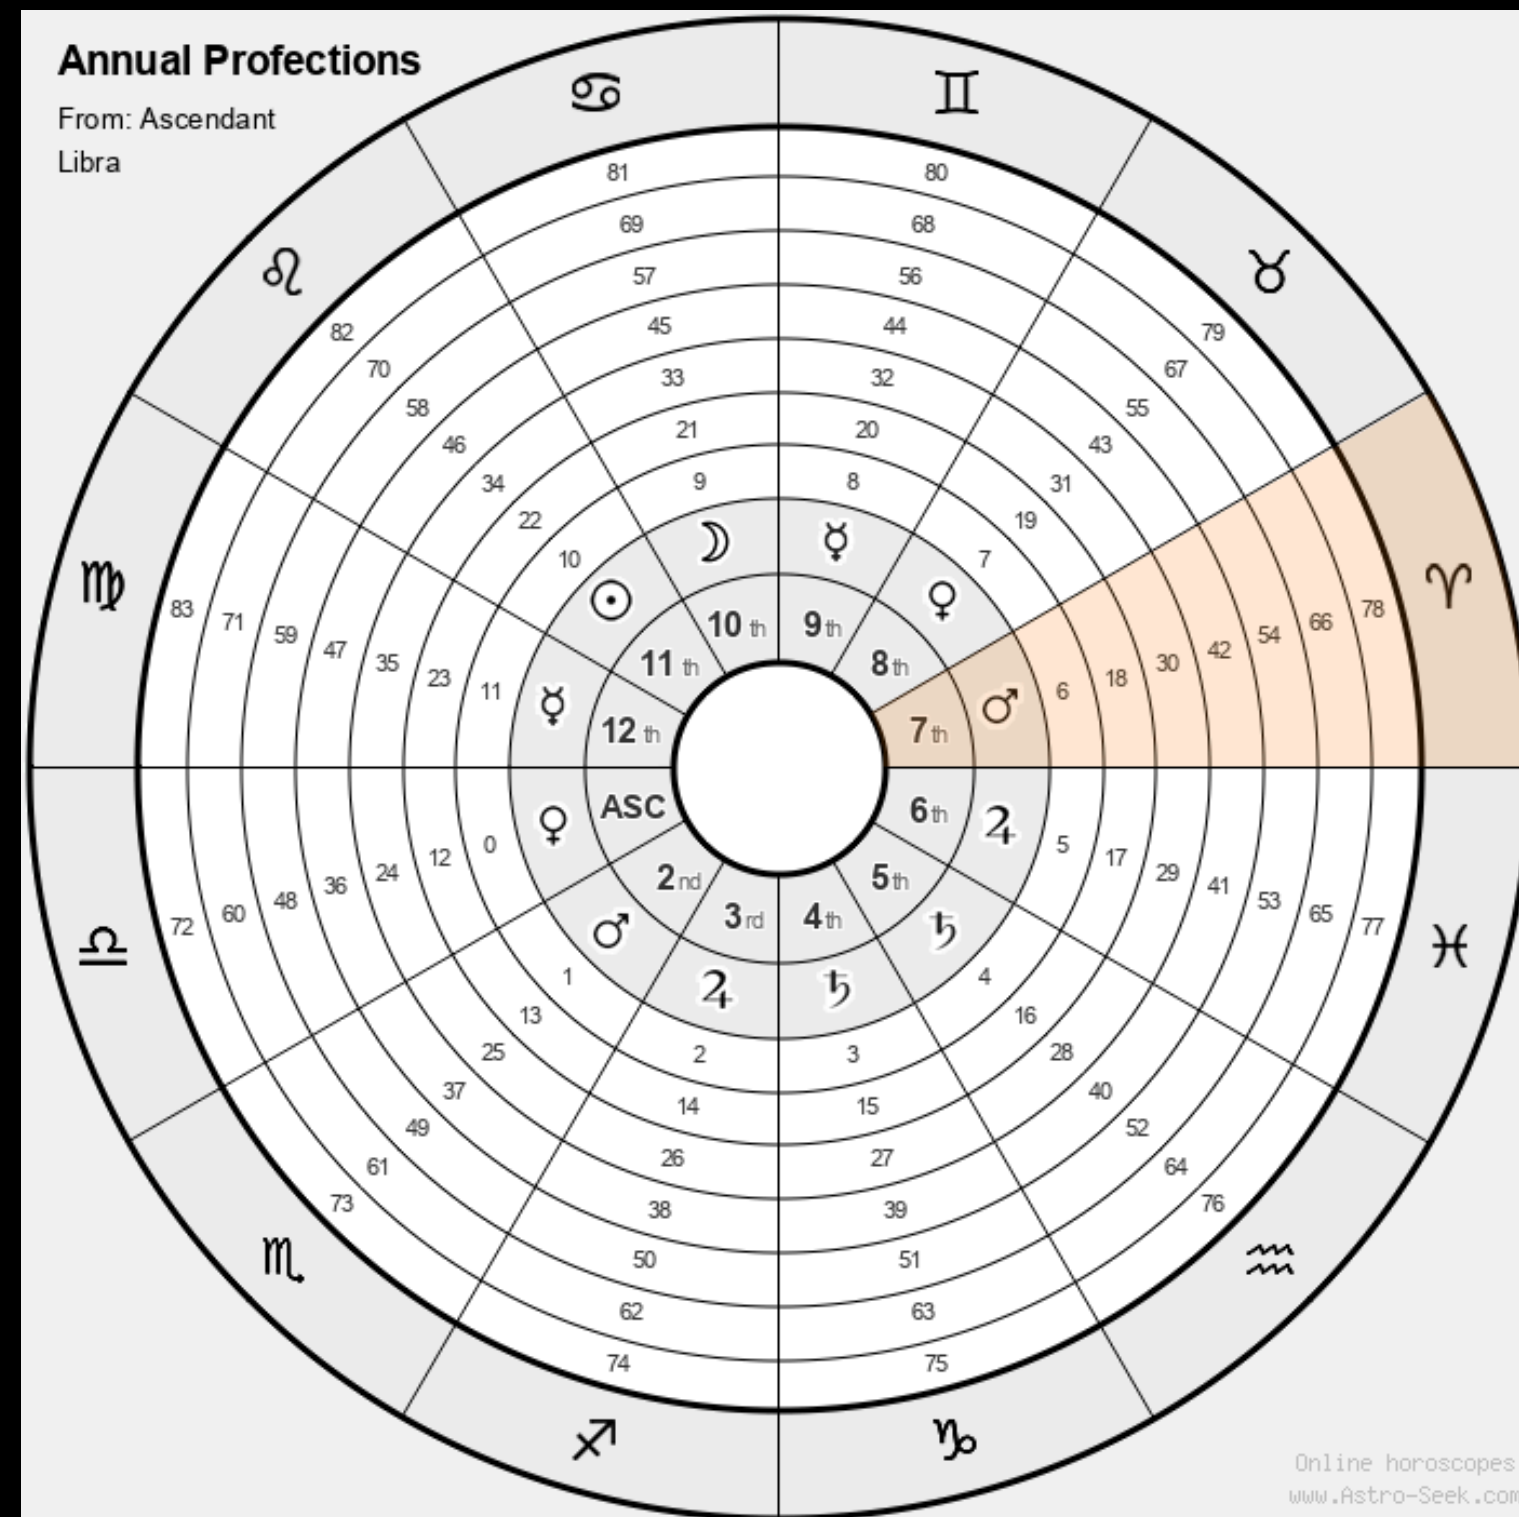

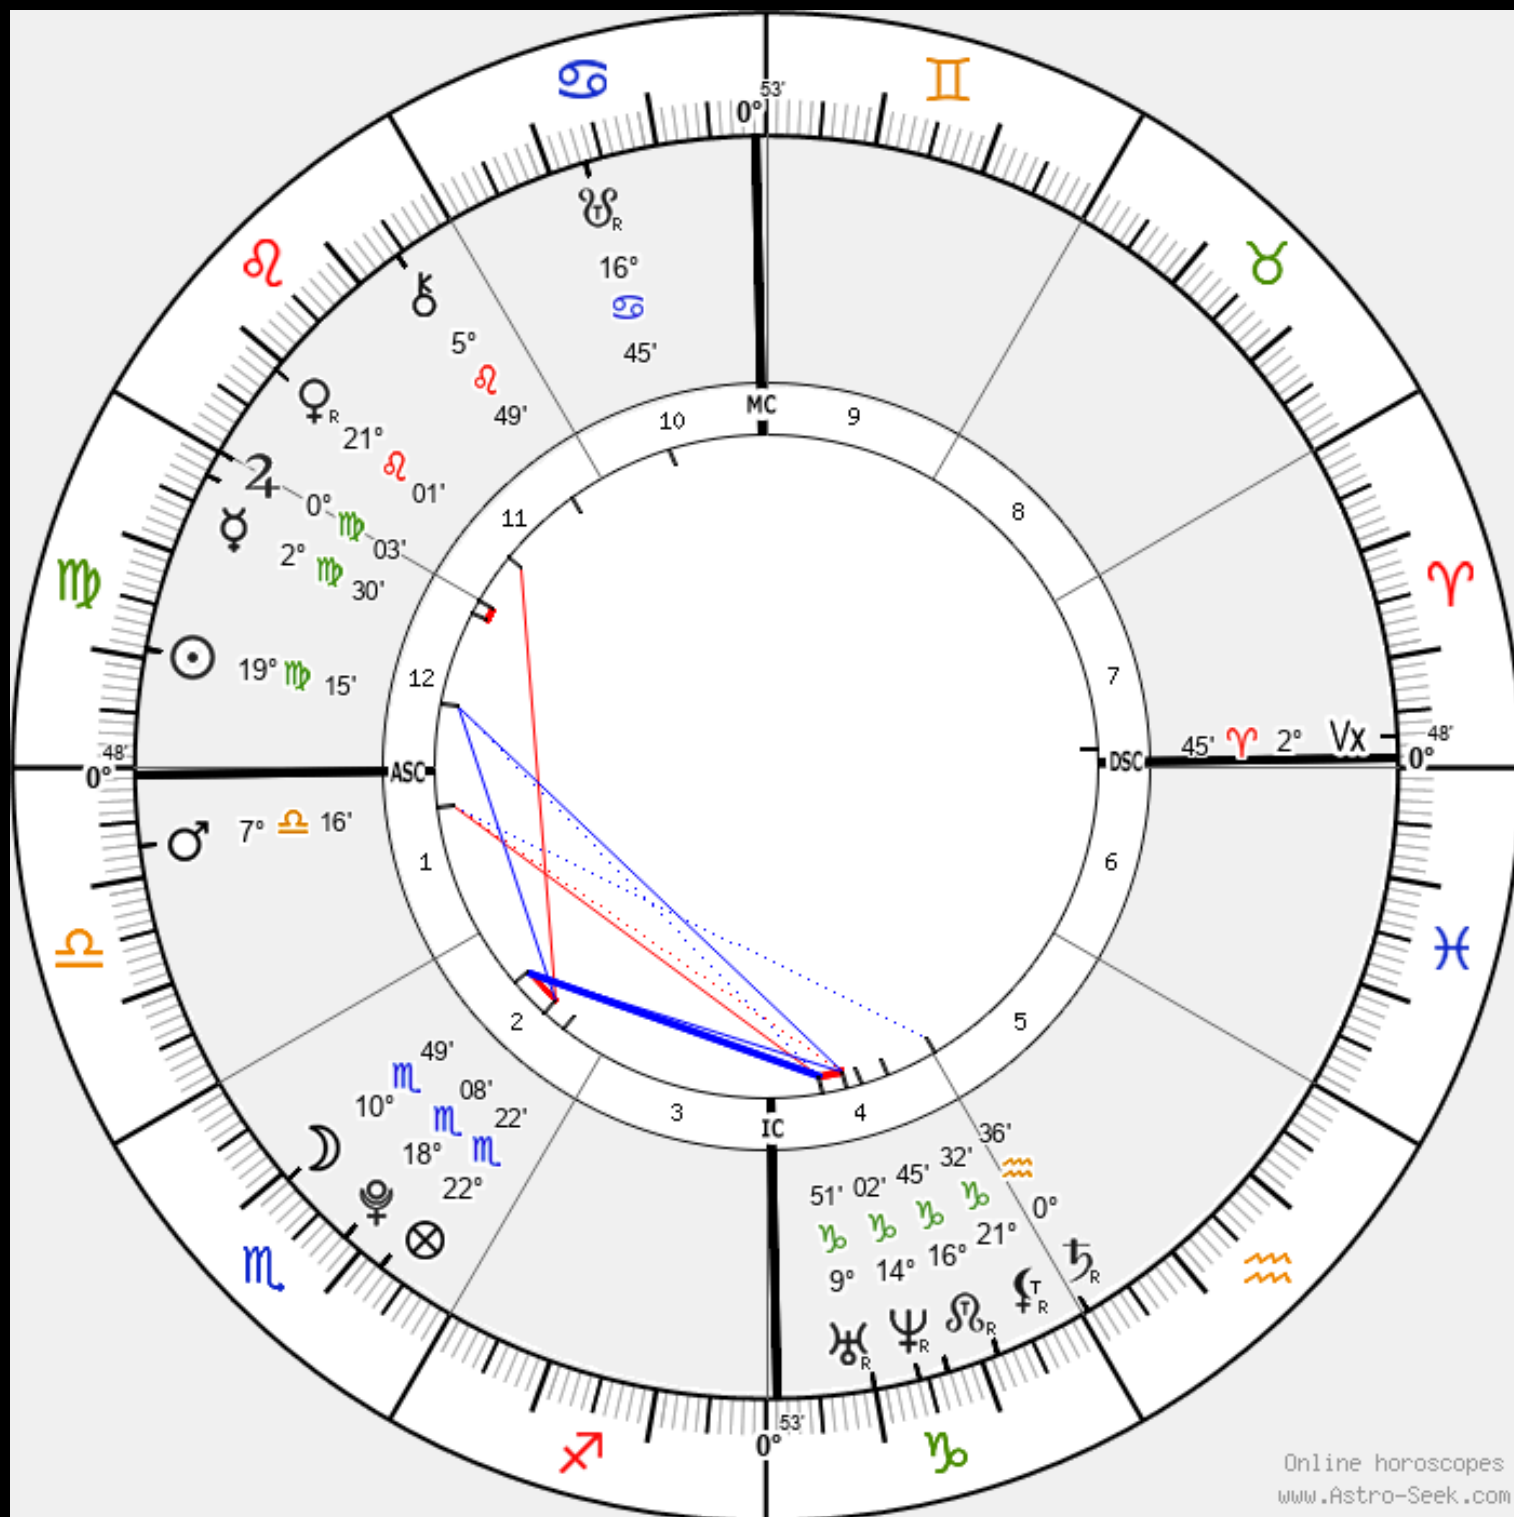

Annual Profection (Transfer of years)

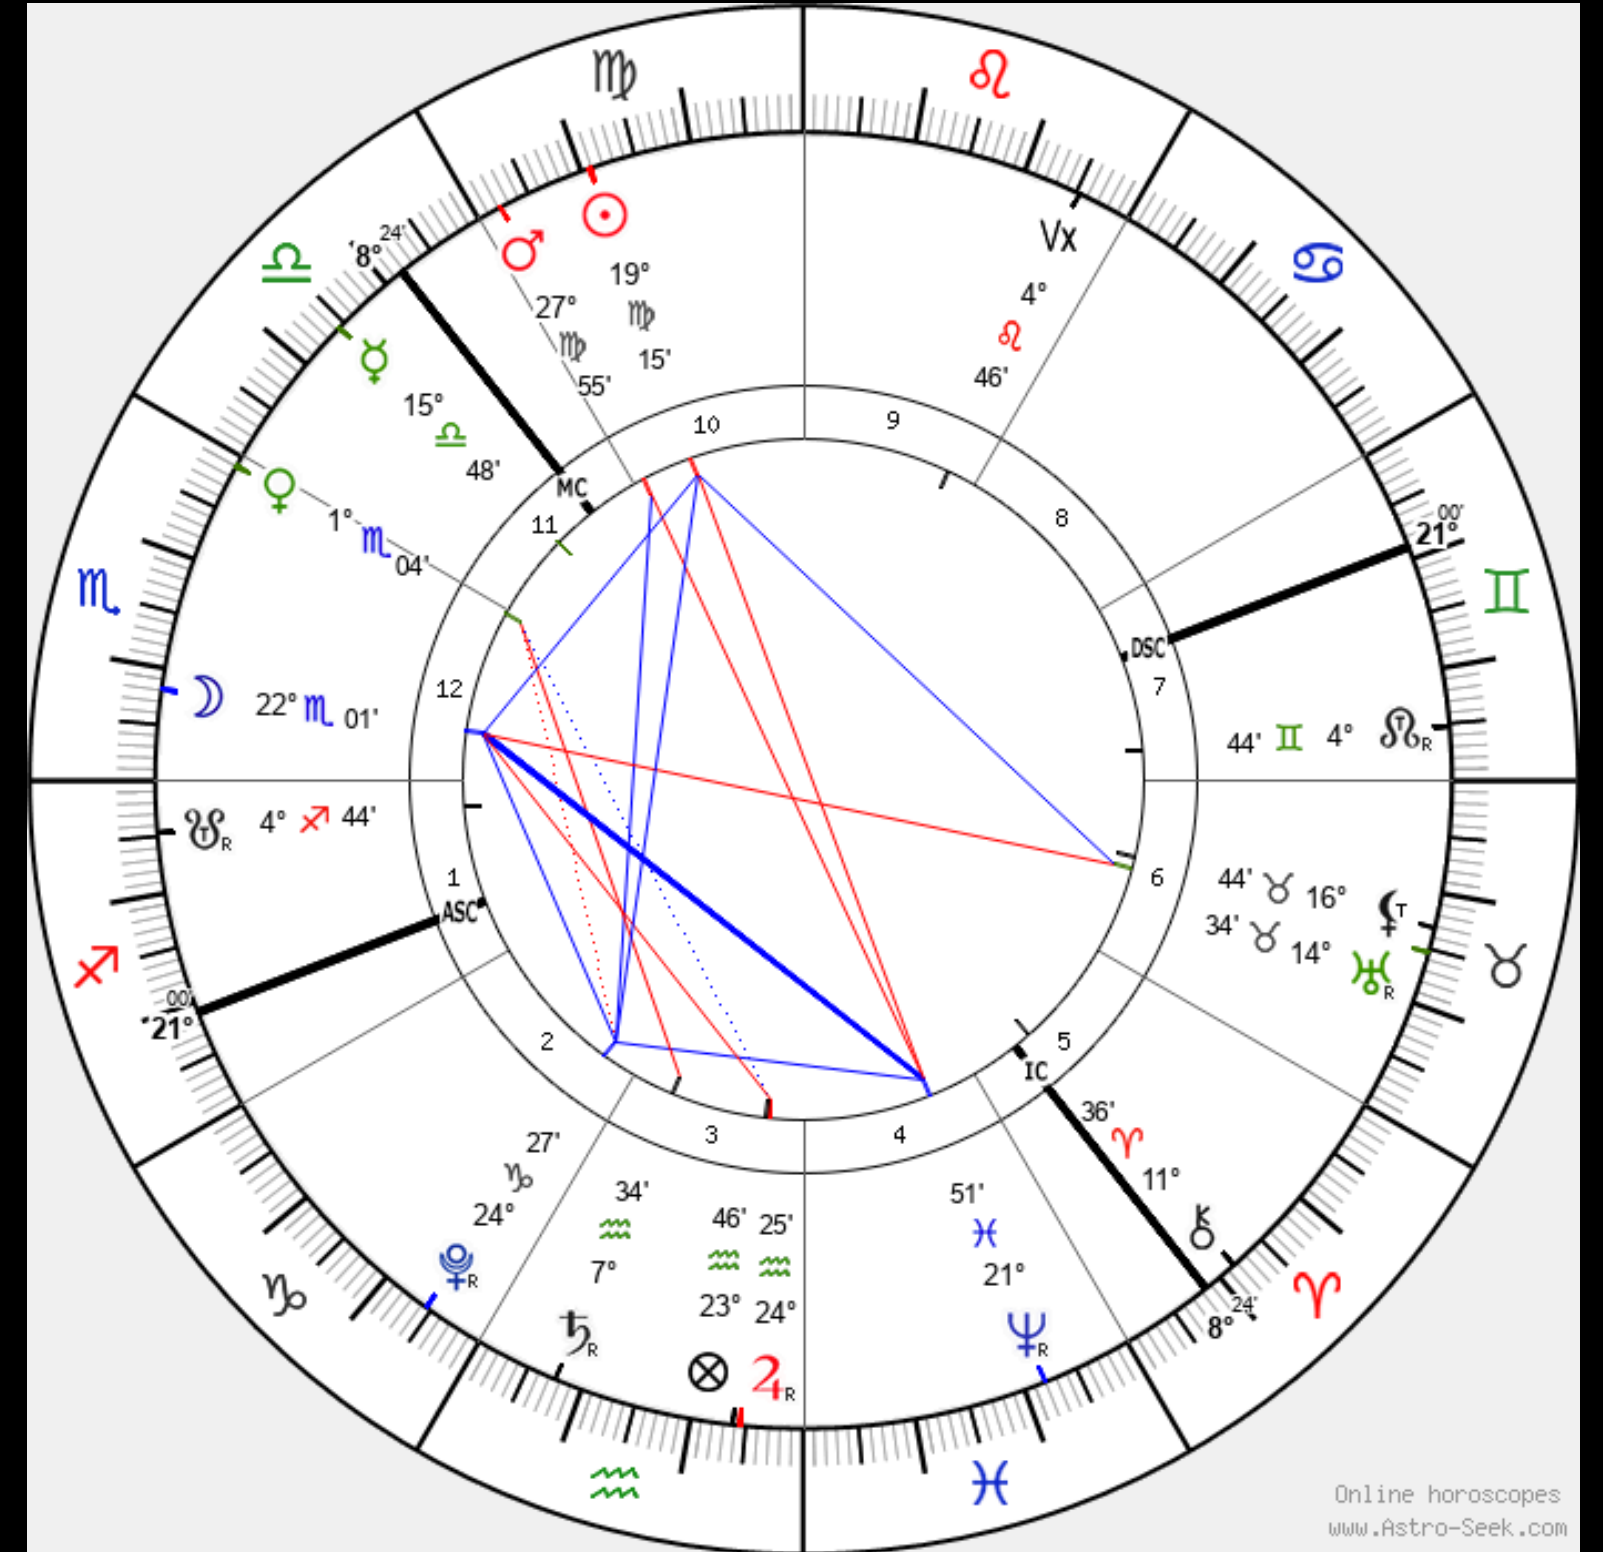

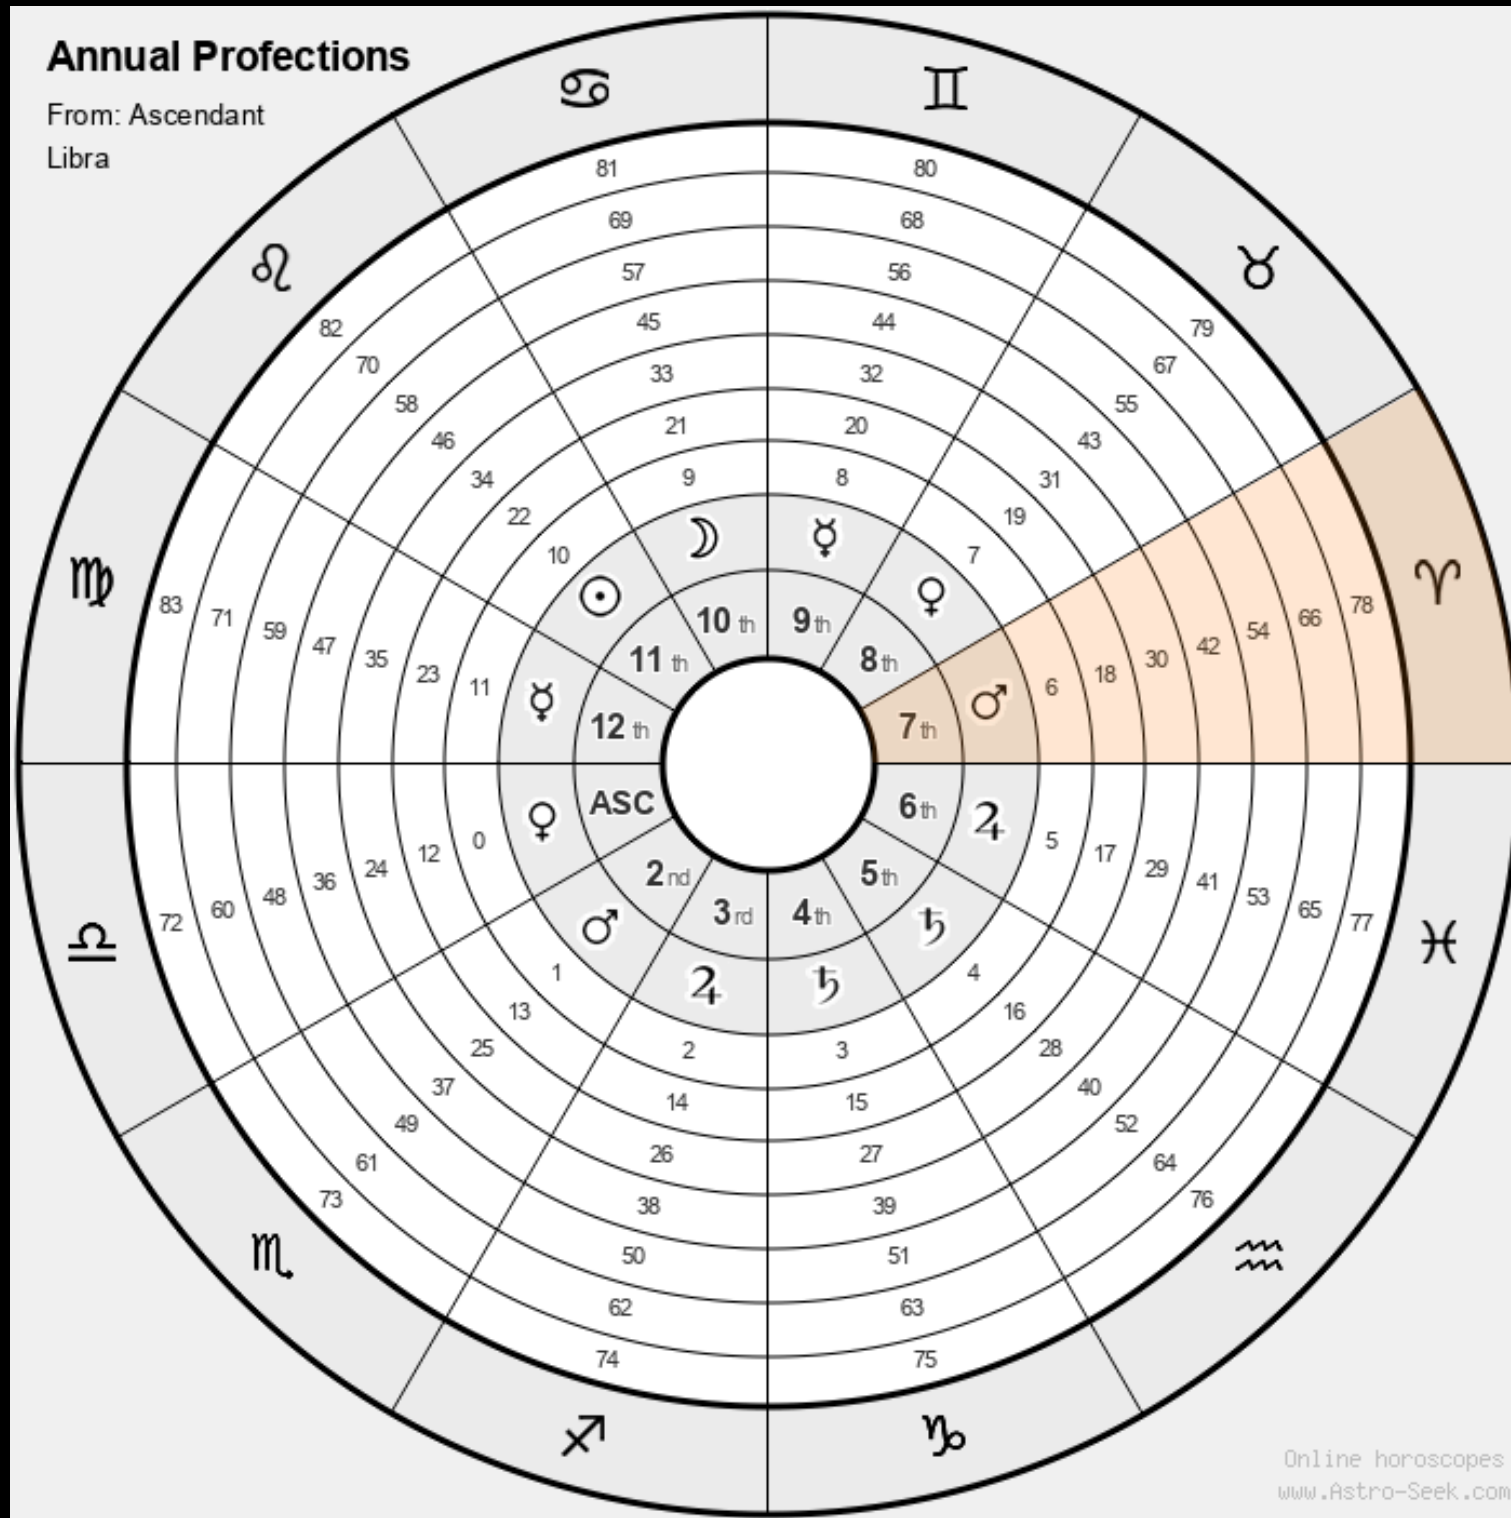

- Identify age
- Identify planets in the house
- Identify the planetary ruler of the sign
- Acknowledge if the ruling planet makes an aspect to the sign
