Venus Star Points

- Like eclipses- Venus Star Points, gather themes, patterns, to connect 9.5 month cycles
- As one phases out the next point phases in, overlapping themes, every 9.5months
- Where has one just happened? Where is next one?
- What houses does the Star Points connect?
What aspects does the Star Point make in your chart?
- How do they connect the story theme for 9 month periods?

Using Venus Star Magic

- Why wouldn't we use this creative principle to connect our ongoing astrological story?
- Use this pattern to understand ourselves, our patterns of growth
- Connect everything - love, self love and love of others, love of work, our changing values, finances, buying, investing, spending, creativity, purpose
- Connect patterns, stories and themes that repeat and are challenged to change, evolve, mature, grow - otherwise unseen
- Connect and activate areas of focus, see challenges, be conscious of negative patterns
- BALANCE and CREATE
- LIVE the MAGIC

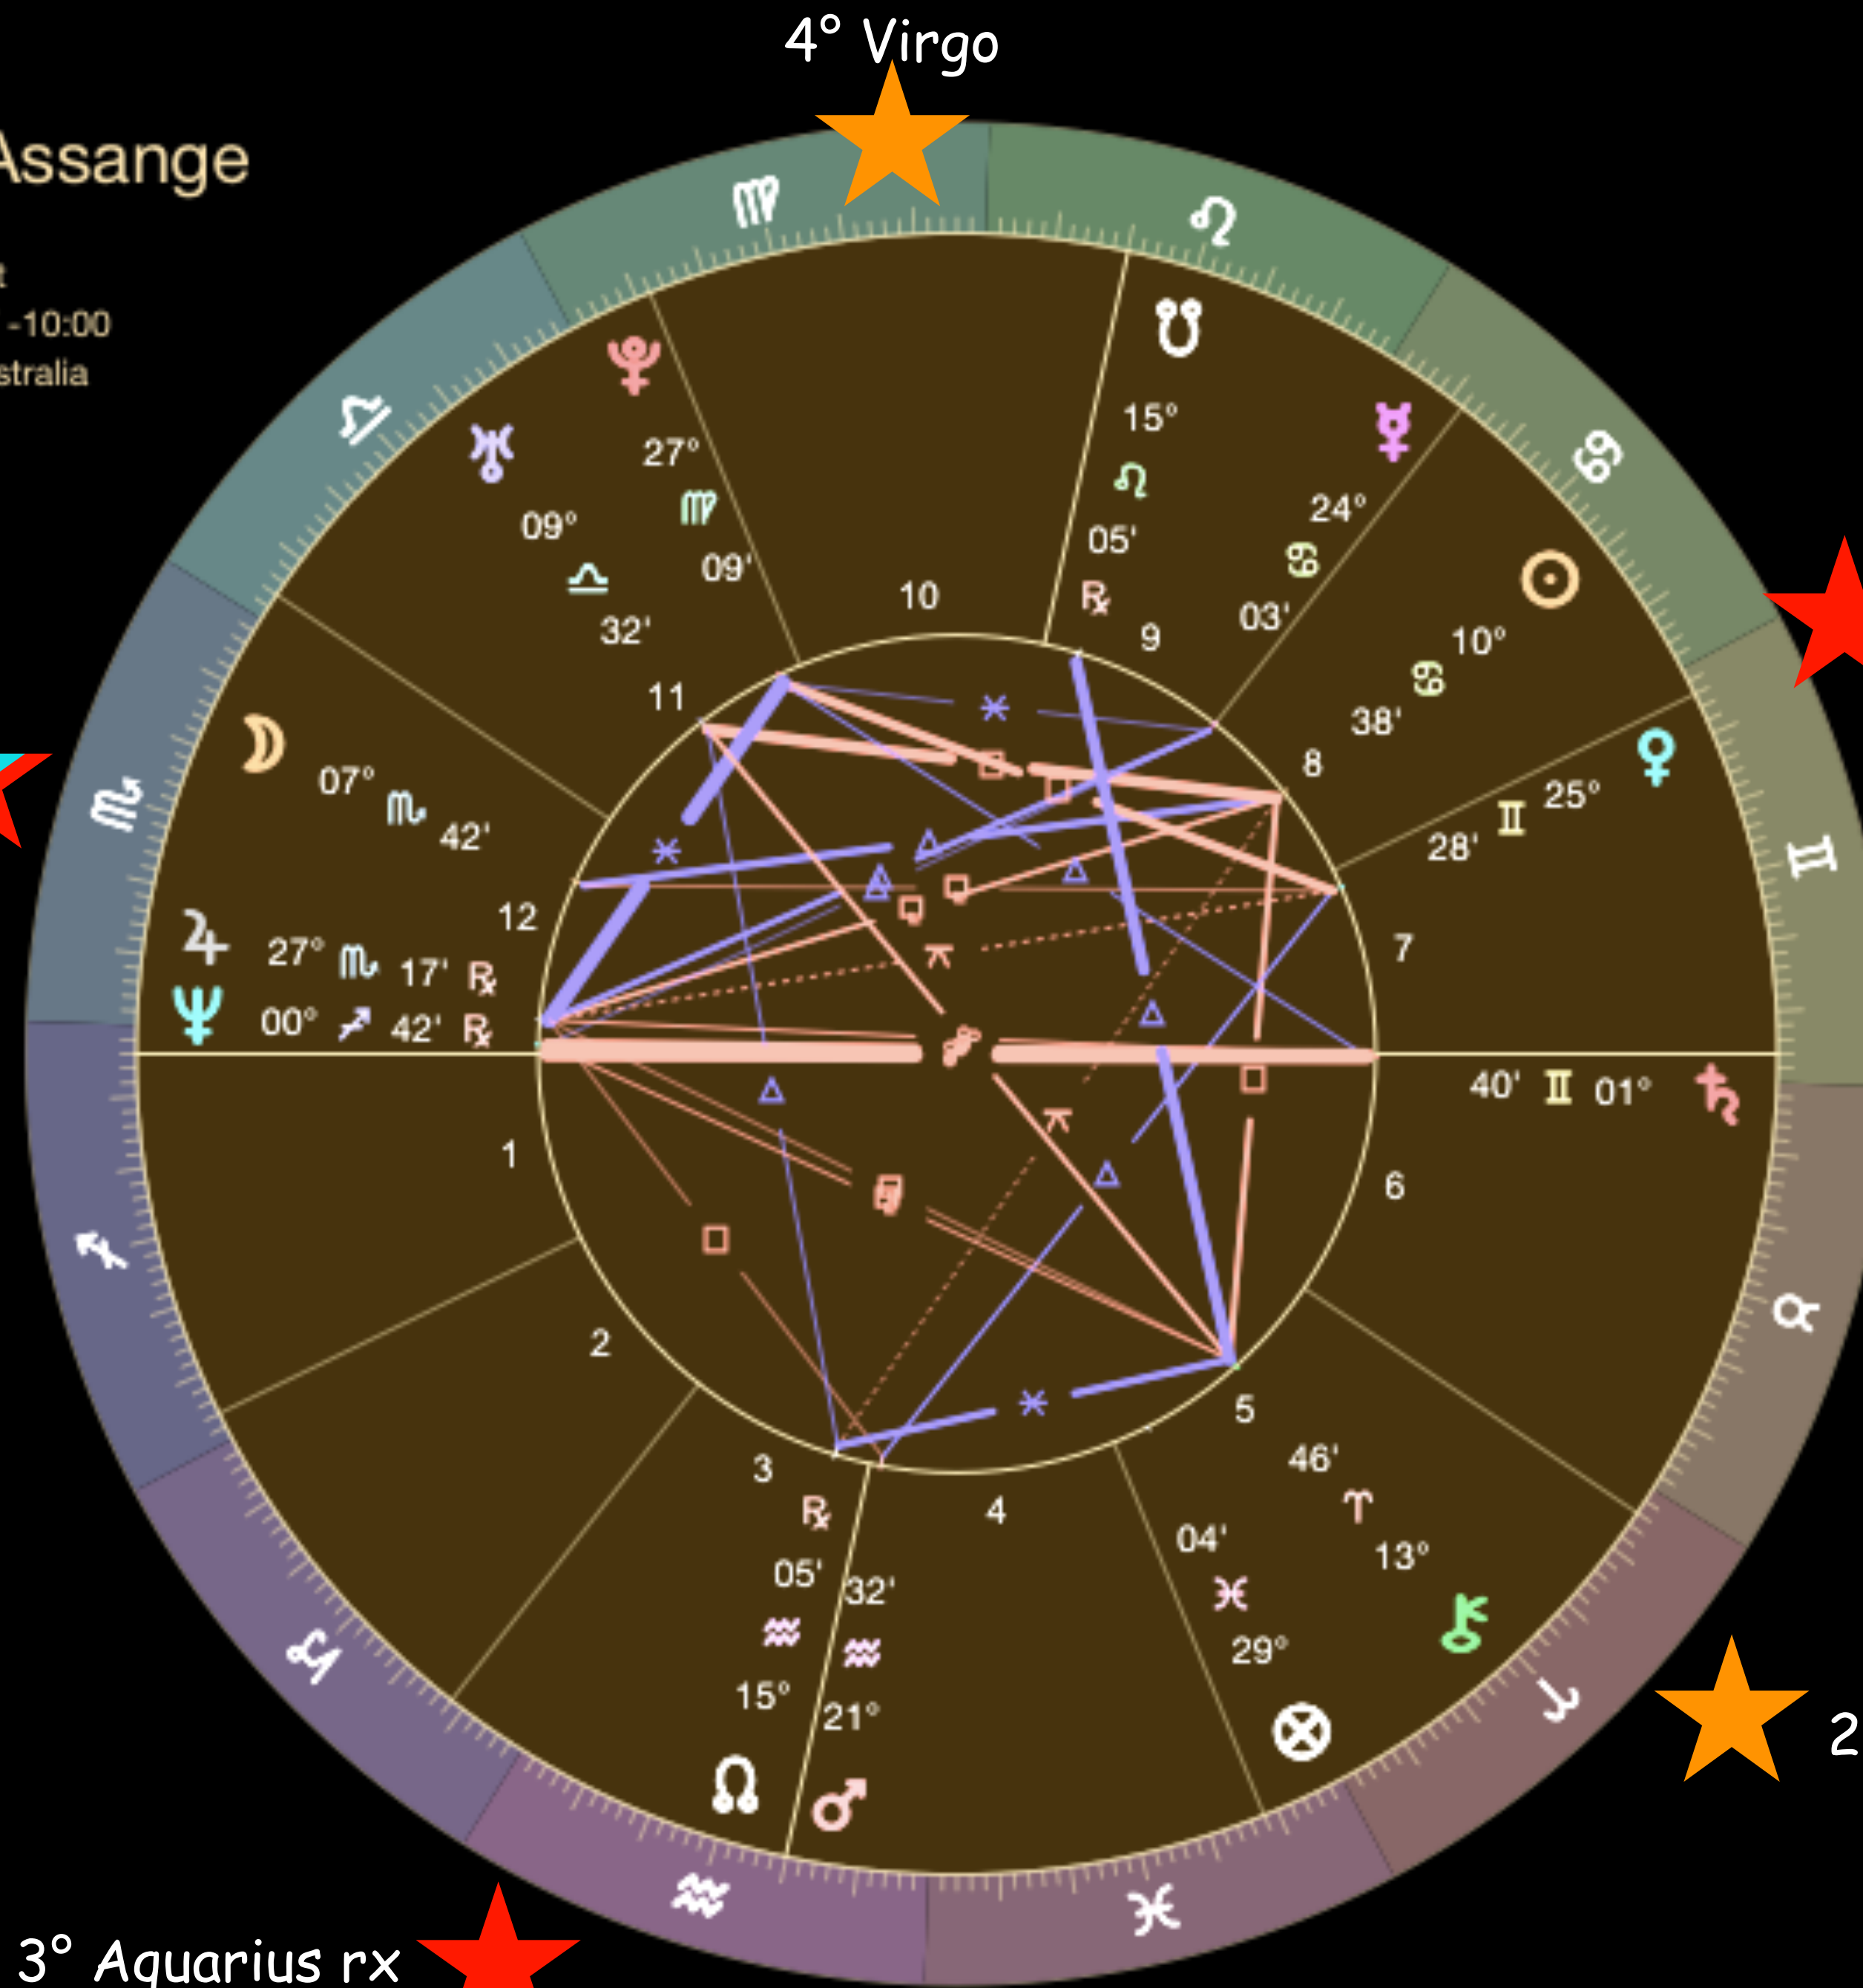

The symbolism of this sign of VSP tells us about the bond that we have established with ourselves. The Head VSP shows the temperament in which we project our natural abilities. It represents the life motivating principle, the quality, the talent.

Return of VSP significant.
