Where do I Belong?

A person with long dark hair, wearing a light-colored hoodie and dark pants, is sitting on a grassy hill. They are seen from behind, looking out over a vast, hazy landscape of rolling hills and valleys. The sky is a mix of warm orange and yellow near the horizon, transitioning to a cooler blue and purple as it goes higher. The overall mood is contemplative and serene.

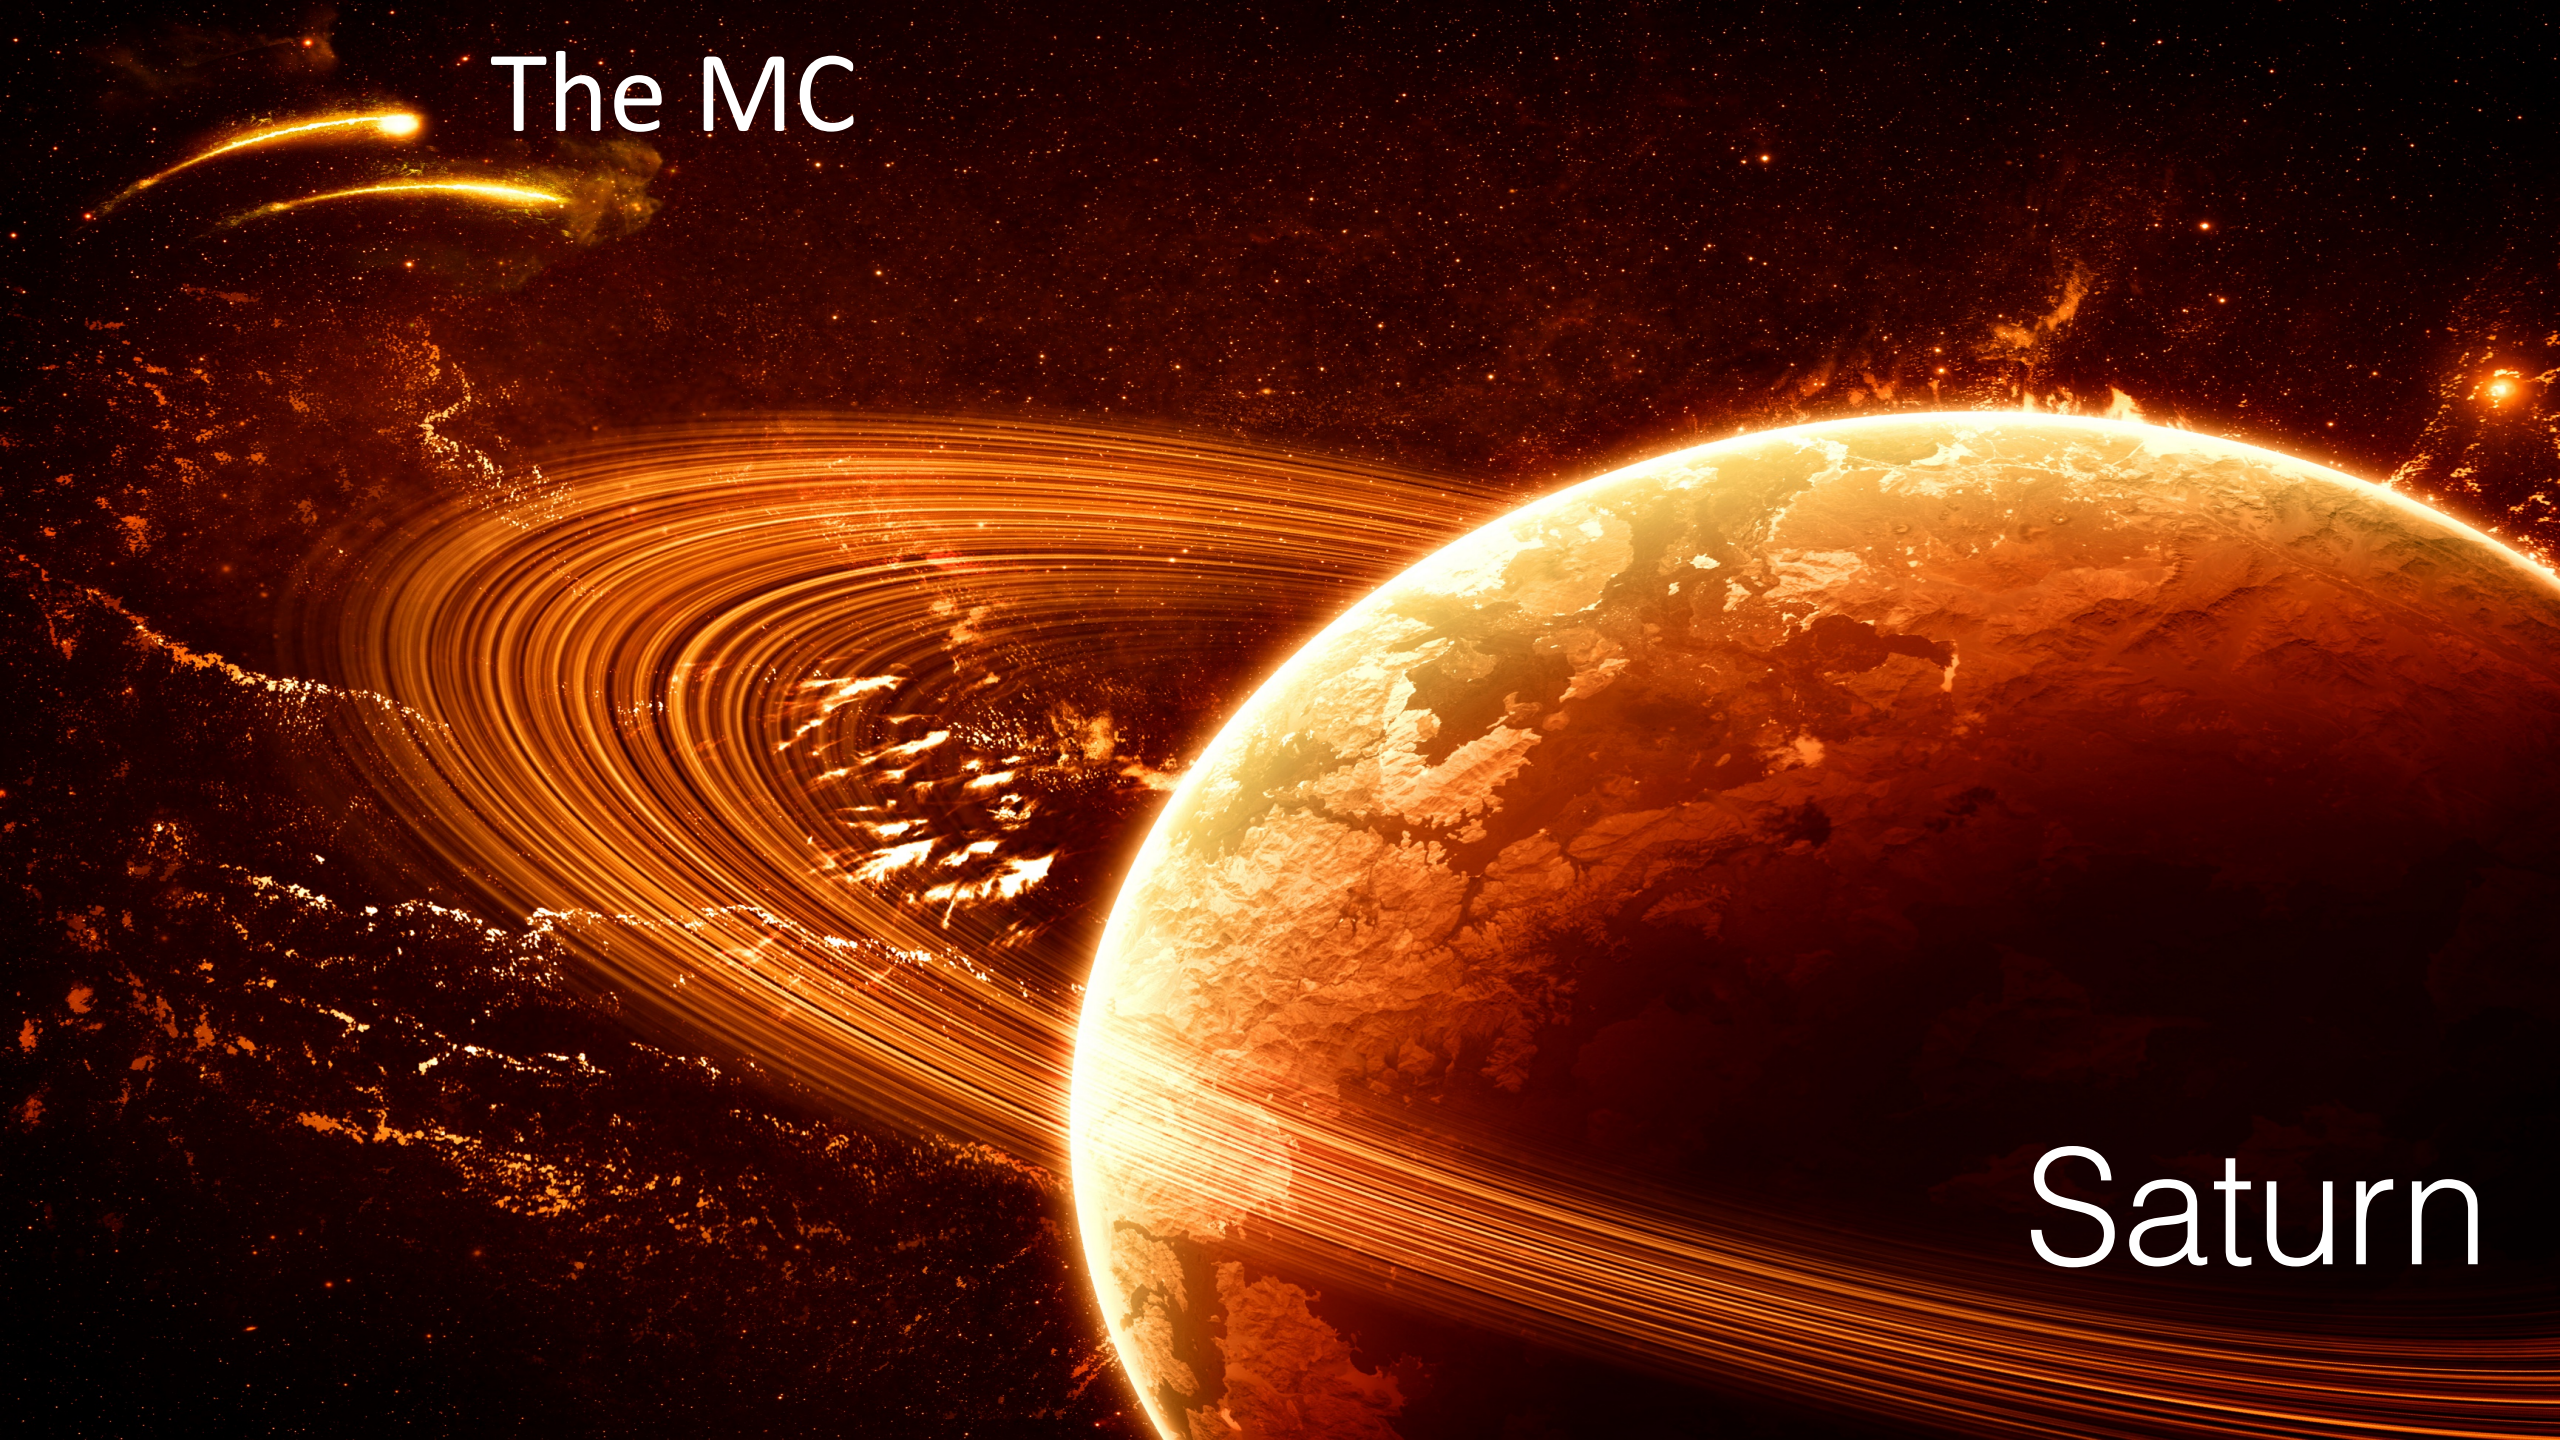

What happened to you?

# Who am I in the World

A scenic landscape featuring a paved road that stretches from the foreground into the distance, leading towards a bright sunset. The sun is low on the horizon, casting a warm, golden glow across the sky and the road. The sky is filled with soft, wispy clouds, and the colors transition from deep reds and oranges near the horizon to lighter yellows and blues higher up. The road is flanked by green grass and a line of trees in the distance.

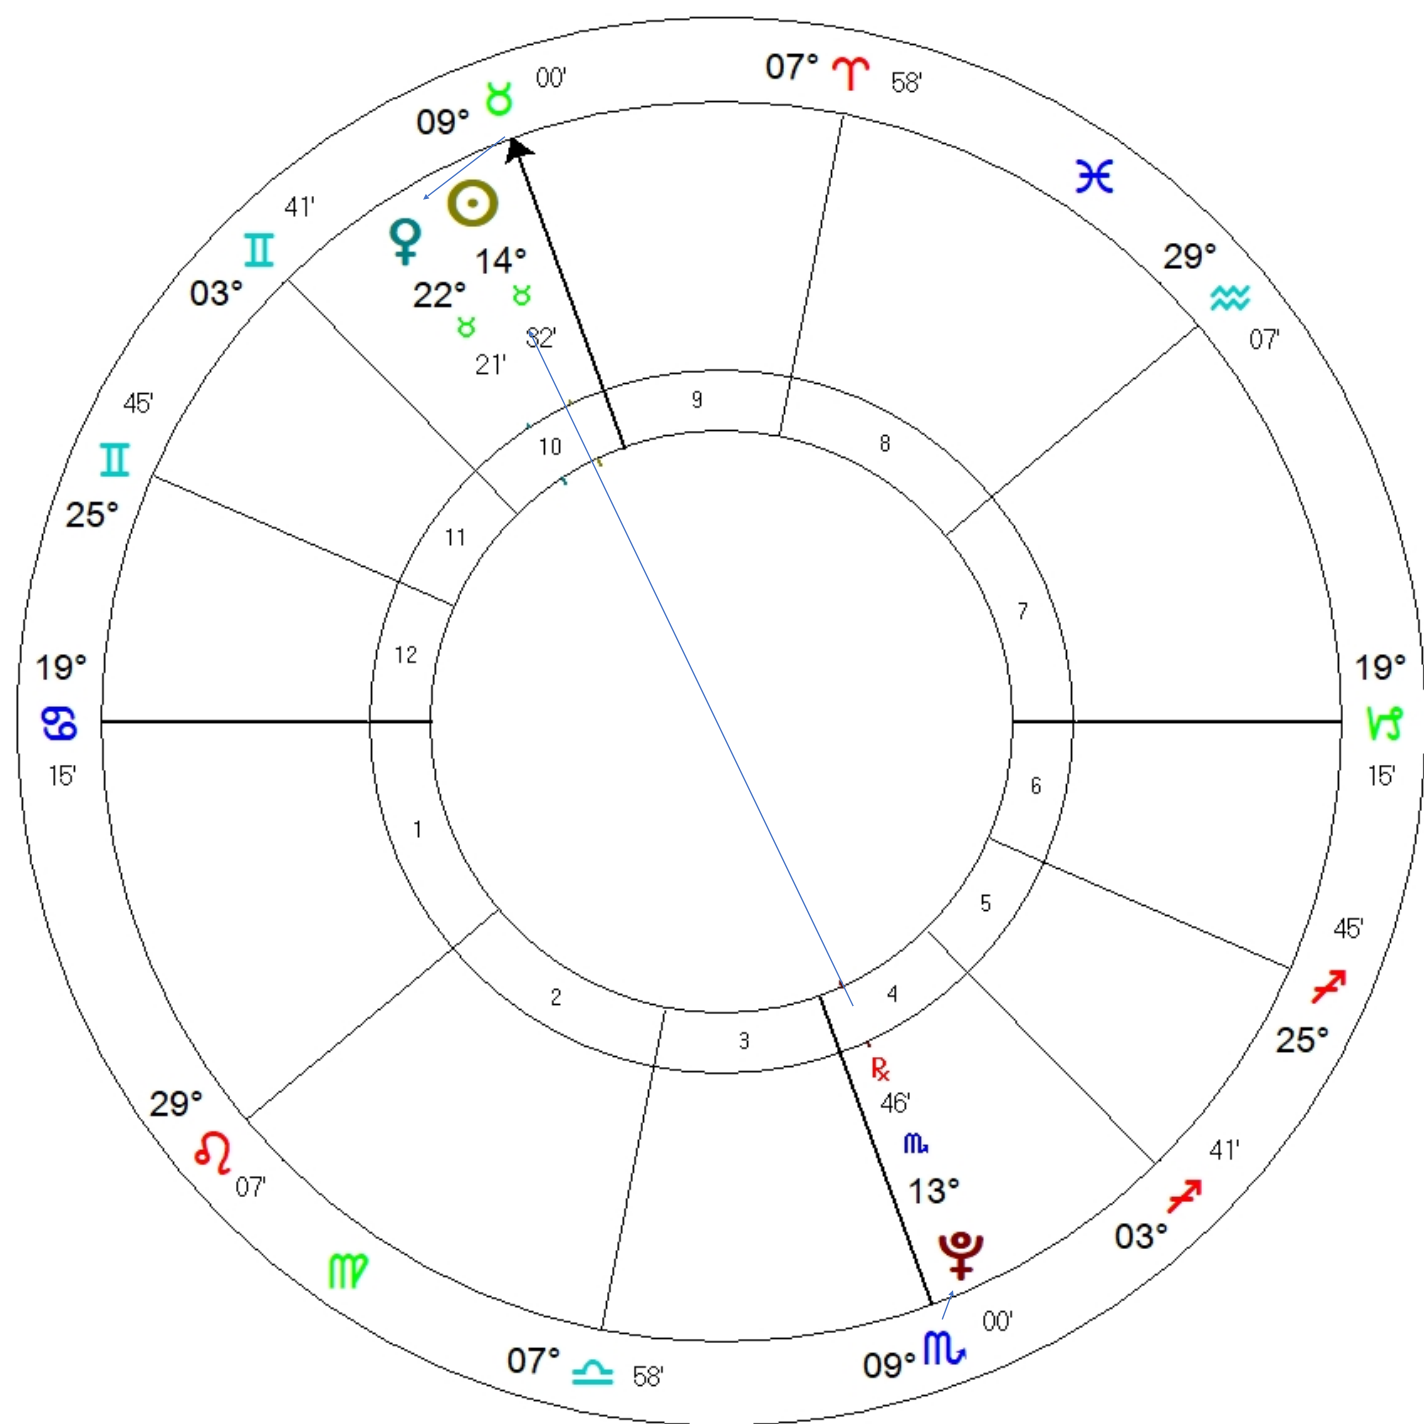

Does my public role align with who I am

You can never stand firmly in life  
if your foundations aren't sound
