## **Invoke the Image / using Intention, Emotion and Sensation**

Creating imagery can start with a known image (glyph of planet or sign, image of planet), Sabian Symbol Image, Tarot Image, Movie or other Familiar Image

Qualities of Planet(s) – Keywords

Can also create a evocative setting for Image to appear in.

## **Twilight Consciousness means...**

Don't analyze till later

Conscious mind relaxes and remembers (records)

**Observe the Image what it wants to show you....wants you to know ?**

Let the Image 'come to life', use open and curious observation.

Follow the lead of the image

**Engage/Dialogue with the Image(s)**

**What it is about? What it wants to show you....wants you to know ?**

Ask Questions and watch/listen/feel for response. Image may communicate in various ways, such as words, feelings, gestures or even symbols.

## **Integration**

### **Reflect and Integrate:**

After your inner journey take some time to reflect on the experience. Consider the insights, emotions, or symbols that arose during the active imagination exercise. Journal, Draw, Create something from the experience.

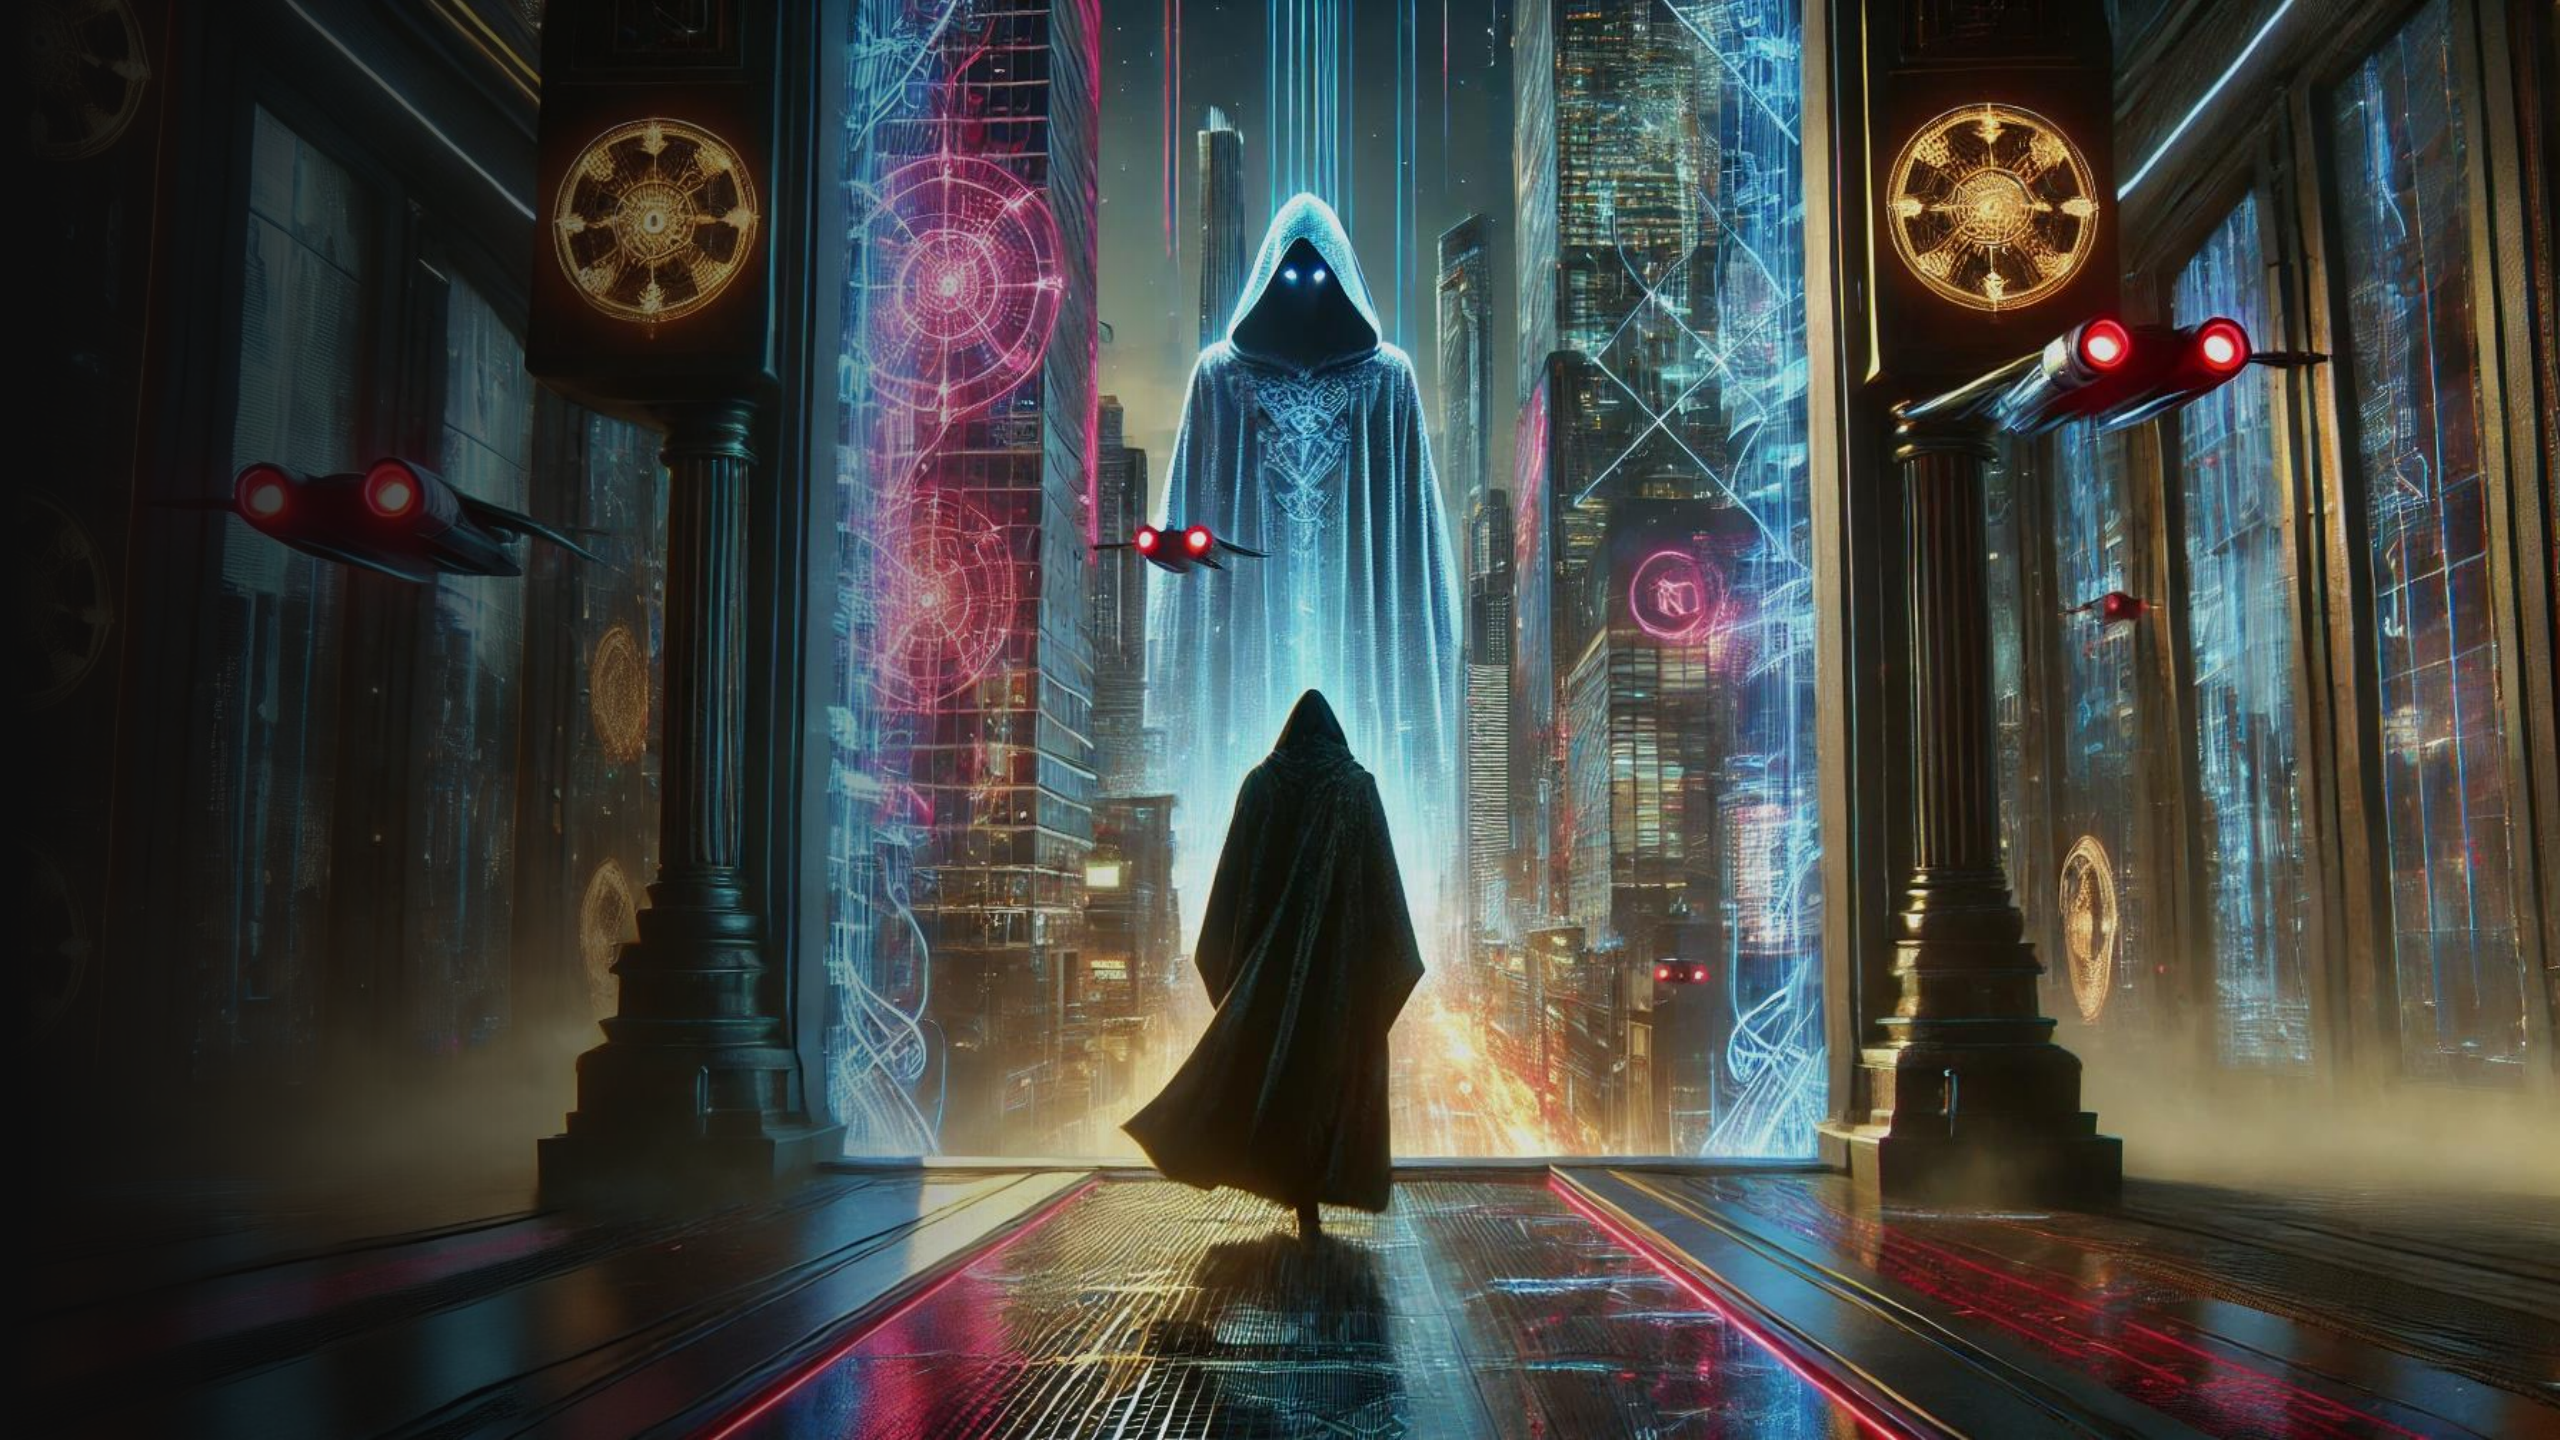

### **Make it Real**

#### **Apply the Insights:**

Was there any guidance or insight you can put into practice in your life? Think about how you can enact that in your life.

Practice 'becoming the image' see what further energy come from that.

Archetypal knowledge might be something you share, communicate or put into your practice.
